The Power of Ideas Jonathan Sacks 2021-10-11 Britain's most authentically prophetic voice - The Daily Telegraph 'The choice with which humankind is faced is between the idea of power and the power of ideas.' From his appointment as Chief Rabbi in 1991, through to his death in November 2020, Rabbi Lord Jonathan Sacks made an incalculable contribution not just to the religious life of the Jewish community but to the national conversation - and increasingly to the global community - on issues of ethics and morality. Commemorating the first anniversary of his death, this volume brings together a compelling selection of Jonathan Sacks' BBC Radio Thought for the Day broadcasts, Credo columns from The Times, and a range of articles published in the world's most respected newspapers, along with his House of Lords speeches and keynote lectures. First heard and read in many different contexts, these pieces demonstrate with striking coherence the developing power of Sacks' ideas, on faith and philosophy alike. In each instance he brings to bear deep insights into the immediate situation at the time - and yet it as if we hear him speaking to us afresh, giving us new strength to face the challenges and complexities of today's world. These words of faith and wisdom shine as a beacon of enduring light in an increasingly conflicted cultural climate, and prove the timeless nature and continued relevance of Jonathan Sacks' thought and teachings. One of the great moral thinkers of our time -

The Gurs Haggadah Belah Gu?erman 2003 How do you live a 'normal' life in a Concentration Camp? The Gurs Camp (technically called a 'detention' camp) in south-western France was the testing ground for thousands of Jews attempting to pit their belief in God and themselves against the inhumanity of war. Here, in 1941, the inmates decided to hold a Seder on Passover, the Holiday of Freedom, in order to declare their own freedom from the terror of oppression. Replete with photographs, and featuring a facsimile of the actual Haggadah recreated from memory and used in the camp, this book sheds light on a little known camp where, despite the stresses and sub-human conditions, the people enriched their own lives by organising both religious and cultural activities while suffering under the yoke of Nazi brutality.

Abraham's Knife Judith Civan 2004-03-24 Please visit the author's website at Abrahamsknife.com Christians may take the idea of deicide for granted but to Jews it is a bizarre notion, especially when it is turned against them, becoming the accusation of "You killed Christ" and setting in motion the antisemitic acts of the last two thousand years of history. Over and over again, Jews ask, "Why do they hate us?" and protest their innocence and their standing as good citizens of their societies. With a background as a student of literature and a journalist, Judith Civan set out to explain first for her own understanding and then for others who are similarly bewildered, the origin and meaning of the deicide charge, the least rational and most powerful of the various ingredients of antisemitism. Where did this idea originate and how could it have played such an important role in Western culture and history over some two millenia? Drawing upon biblical scholarship and the work of historians of subsequent periods, Civan has attempted a literary analysis of the figures of Abraham, Isaac, Jesus, Judas, and Shylock which might make some sense of this persistent and pernicious myth. Though weakened by the reforms of Vatican II, the deicide myth has not been disposed of and it is still vitally important to try to understand it. It is important not only for the safety of Jews who only recently suffered the devastation of the Holocaust, but also for the health and moral integrity of Western culture. Civan concludes that the accusation of deicide is so virulent because it is not so much about the killing of God as it is about the sacrifice of children, about parental love, ambivalence and guilt, and the human sense of vulnerability.

Jewish Reform Movement in the US Mara W. Cohen
Ioannides 2017-11-20 This volume examines the development of the non-liturgical parts of the Central Conference of American Rabbis' Haggadot. Through an understanding of the changes in American Jewish educational patterns and the CCAR's theology, it explores how the CCAR Haggadah was changed over time to address the needs of the constituency. While there have been many studies of the Haggadah and its development over the course of Jewish history, there has been no such study of the non-liturgical parts of the Haggadah that reflect the needs of the audience it reaches. How the CCAR, the first and largest of American-born Judaisms, addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement. This in turn provides for the readers of this book an understanding of how American Judaism has developed.
