Vida Clandestina Enrique Oltuski 2002-11-29 Vida Clandestina is the first U.S. publication of the dramatic memoir of an important Cuban revolutionary who led a dangerous double life from 1952 to 1959. Educated at University of Miami, then a high-ranking manager and engineer for Shell Oil, Enrique Oltuski was also a leader in the urban guerilla 26th of July Movement in Havana and Santa Clara, risking his life to join forces with Che Guevara and Fidel Castro, and working at the highest level of the Cuban government in the forty-three years since.

After Fidel Brian Latell 2014-11-25 This is a compelling behind-the-scenes account of the extraordinary Castro brothers and the dynastic succession of Fidel's younger brother Raul. Brian Latell, the CIA analyst who has followed Castro since the sixties, gives an unprecedented view into Fidel and Raul's remarkable relationship, revealing how they have collaborated in policy making, divided responsibilities, and resolved disagreements for more than forty years--a challenge to the notion that Fidel always acts alone. Latell has had more access to the brothers than anyone else in this country, and his briefs to the CIA informed much of U.S. policy. Based on his knowledge of Raul Castro, Latell makes projections on what kind of leader Raul will be and how the shift in power might influence U.S.-Cuban relations.

Fidel Castro: My Life Ignacio Ramonet 2008-03-11 The intimate and highly revealing life story of the world's longest-serving, most charismatic, and controversial head of state in modern times. Fidel Castro was a dictatorial pariah to some and a hero and inspiration for many of the world's poor, defiantly charting an independent and revolutionary path for Cuba over nearly half a century. Numerous attempts were made to get Castro to tell his own story. But only in the twilight of his years was he prepared to set out the details of his remarkable biography for the world to read before his death in 2016. This book is nothing less than his living testament. In these pages, Castro narrates a compelling chronicle that spans the harshness of his elementary school teachers; the early failures of the revolution; his intense comradeship with Che Guevara and their astonishing, against-all-odds victory over the dictator Batista; the Cuban perspective on the Bay of Pigs and the ensuing missile crisis; the active role of Cuba in African independence movements (especially its large military involvement in fighting apartheid South Africa in Angola); his relations with prominent public figures such as Boris Yeltsin, Pope John Paul II, and Saddam Hussein; and his dealings with no less than ten successive American presidents, from Eisenhower to George W. Bush. Castro talks proudly of increasing life expectancy in Cuba; of the half million students in Cuban universities; and of the training of seventy thousand Cuban doctors nearly half of whom work abroad, assisting the poor in Africa, Asia, and Latin America. He confronts a number of thorny issues, including democracy and human rights, discrimination toward homosexuals, and the presence of the death penalty on Cuban statute books. Along the way he shares intimacies about more personal matters: the benevolent strictness of his father, his successful attempt to give up cigars, his love of Ernest Hemingway's novels, and his calculation that by not shaving he saves up to ten working days each year. Drawing on more than one hundred hours of interviews with Ignacio Ramonet, a knowledgeable and trusted interlocutor, this spoken autobiography will stand as the definitive record of an extraordinary life lived in turbulent times.

The Real Fidel Castro Leycester Coltman 2008-10-01 Rhetoric during and after the Cold War years has painted starkly contrasting portraits of Cuba's Fidel Castro: an unblemished idealist on the one hand, a ruthless dictator on the other. This insightful book, the most intimate and dispassionate biography of the revolutionary leader to date, shows that neither assessment is true. Leycester Coltman, British ambassador to Cuba in the early 1990s, came as close to personal friendship with Castro as any foreigner was permitted. With frequent contact and regular conversations, Coltman was in a unique position to observe the dictator's personality in both public and private situations. Here he presents a close-up view of the man who for half a century has been loved, admired, feared, and hated, but seldom really understood. Coltman chronicles the events of the Cuban leader's extraordinary life from the political activism of his university days in Havana to periods of exile, imprisonment, and guerilla warfare alongside Che Guevara, to the uncertainties of his old age. Drawing on personal observation and archival sources in Cuba and abroad, Coltman explores the contradiction between the private character and the public reputation, and highlights the complexities of the consummate actor who continues to play a crucial role on the international stage.

My Life Fidel Castro 2008 He is the only world leader to have outlasted nine US presidents, has survived over 600 assassination attempts and remains one of the twentieth century's most controversial figures. Here Castro tells his story in full for the first time, speaking openly about everything from his parents and earliest influences to his imprisonment, guerrilla war and the Cuban revolution and on to the Bay of Pigs, the missile crisis and his relationship with Che Guevara. He also remembers the people he knew, from John F. Kennedy to Ernest Hemingway. Whatever your views on Castro are, this is an essential record of an incredible life and even more extraordinary times."

Fidel Castro Volker Skierka 2014-09-04 Fidel Castro is one of the most interesting and controversial personalities of our time – he has become a myth and an icon. He was the first Cuban Caudillo – the man who freed his country from dependence on the USA and who led his people to rediscover their national identity and pride. Castro has outlived generations of American presidents and Soviet leaders. He has survived countless assassination attempts by the CIA, the Mafia, and Cubans living in exile. He has become one of the greatest politicians of the 20th Century. His biography, and the history of his country exemplify the tensions between East and West, North and South, rich and poor. As Castro's life draws to a close, the question as to what will become of Cuba is more important than ever. Will Castro open Cuba to economic reform and democratization, or stick to his old slogan socialism or death? In this remarkable, up-to-date reconstruction of Castro's life, Volker Skierka addresses these questions and provides an account of the economic, social, and political history of Cuba since Castro's childhood. He draws on a number of little-known sources, including material from the East German communist archives on Cuba, which were until recently inaccessible. This is an exciting, painstakingly researched, and authoritative account of the life of one of the most extraordinary political figures of our time.

How to Feed a Dictator Witold Szablowski 2020-04-28 "Amazing stories . . . Intimate portraits of how [these five ruthless leaders] were at home and at the table." —Lulu Garcia-Navarro, NPR's Weekend Edition Sunday Anthony Bourdain meets Kapu?ci?ski in this chilling look from within the kitchen at the appetites of five of the twentieth century's most infamous dictators, by the acclaimed author of Dancing Bears. What was Pol Pot eating while two million Cambodians were dying of hunger? Did Idi Amin really eat human flesh? And why was Fidel Castro obsessed with one particular cow? Traveling across four continents, from the ruins of Iraq to the savannahs of Kenya, Witold Szablowski tracked down the personal chefs of five dictators known for the oppression and massacre of their own citizens—Iraq's Saddam Hussein, Uganda's Idi Amin, Albania's Enver Hoxha, Cuba's Fidel Castro, and Cambodia's Pol Pot—and listened to their stories over sweet-and-sour soup, goat-meat pilaf, bottles of rum, and games of gin rummy. Dishy, deliciously readable, and dead serious, How to Feed a Dictator provides a knife's-edge view of life under tyranny.

My First Life Hugo Chavez 2016-08-23 Hugo Chávez's extraordinary story—in his own words Hugo Chávez, military officer turned left-wing revolutionary, was one of the most important Latin American leaders of the twenty-first century. This book tells the story of his life up to his election as president in 1998. Throughout this riveting and historically important account of his early years, Chávez's energy and charisma shine through. As a young man, he awakens gradually to the reality of his country—where huge inequalities persist and the majority of citizens live in indescribable poverty—and decides to act. He gives a fascinating description of growing up in Barinas, his years in the Military Academy, his long-planned military conspiracy—the most significant in the history of Venezuela and perhaps of Latin America—which led to his unsuccessful coup attempt of 1992, and eventually to his popular electoral victory in 1998. His collaborator on this book is Ignacio Ramonet, the famous French journalist (and editor for many years of *Le Monde diplomatique*), who undertook a similar task with Fidel Castro (*Fidel Castro: My Life*). History Will Absolve Me Fidel Castro 1984 The text of a speech delivered by Castro on October 16, 1953 which attempted to justify the revolutionary movement and

condemned the Batista regime

Marita: The Spy Who Loved Castro Marita Lorenz 2017-09-05 The dramatic, glamorous story of lover-turned-spy Marita Lorenz and her affair with Fidel Castro, soon to be the subject of a major film starring Jennifer Lawrence. Few people can say they've seen some of the most significant moments of the twentieth century unravel before their eyes. Marita Lorenz is one of them. Born in Germany at the outbreak of WWII, Marita was incarcerated in a Nazi concentration camp as a child. In 1959, she travelled to Cuba where she met and fell in love with Fidel Castro. Yet upon fleeing to America, she was recruited by the CIA to assassinate the Fidel. Torn by love and loyalty, she couldn't bring herself to slip him the lethal pills. Her life would take many more twists and turns—including having a child with ex-dictator of Venezuela, Marcos Pérez Jiménez; testifying about the John F. Kennedy assassination; and becoming a party girl with close ties the New York mafia (and then a police informant). Caught up in Cold War intrigue, espionage, and conspiracy—this is Marita's incredible autobiography of a young woman who became a spy for the CIA.

The Autobiography of Fidel Castro Norberto Fuentes 2010-12-06 "A compelling fictional personage-by turns arrogant, funny, pompous, lewd, self-absorbed and self-deluding."—Michiko Kakutani, New York Times An audacious "biography" of the ex-president of Cuba told in Castro's own outrageous, bombastic voice. Prize-winning author and journalist Norberto Fuentes was once a revolutionary: a writer with privileged access to Fidel Castro's inner circle during some the most challenging years of the revolution. But in the late 1990s, as the regime began sending its oldest comrades to the firing squad, he became A Man Who Knew Too Much. Escaping a death sentence and now living in exile, Fuentes has written a brilliant, satirical, and utterly captivating "autobiography" of the Cuban leader—in Fidel's own arrogant and seductive language—discussing everything from Castro's early sexual experiences in Birán to his true feelings about Che Guevara and his philosophy on murder, legacy, and state secrets. Critics have long admired Fuentes's writing; one U.S. article called him "Norman Mailer's Cuban pen pal." Akin to Gertrude Stein's *The Autobiography of Alice B. Toklas*, or Edmund Morris's *Dutch*, this wickedly entertaining, true-to-life masterpiece is as imaginative and outsized as Castro himself.

Fidel Castro, My Life Fidel Castro 2009

One Day in December Nancy Stout 2013-04-01 Celia Sánchez is the missing actor of the Cuban Revolution. Although not as well known in the English-speaking world as Fidel Castro and Che Guevara, Sánchez played a pivotal role in launching the revolution and administering the revolutionary state. She joined the clandestine 26th of July Movement and went on to choose the landing site of the Granma and fight with the rebels in the Sierra Maestra. She collected the documents that would form the official archives of the revolution, and, after its victory, launched numerous projects that enriched the lives of many Cubans, from parks to literacy programs to helping develop the Cohiba cigar brand. All the while, she maintained a close relationship with Fidel Castro that lasted until her death in 1980. The product of ten years of original research, this biography draws on interviews with Sánchez's friends, family, and comrades in the rebel army, along with countless letters and documents. Biographer Nancy Stout was initially barred from the official archives, but, in a remarkable twist, was granted access by Fidel Castro himself, impressed as he was with Stout's project and aware that Sánchez deserved a worthy biography. This is the extraordinary story of an extraordinary woman who exemplified the very best values of the Cuban Revolution: selfless dedication to the people, courage in the face of grave danger, and the desire to transform society.

Called a leader by some and a dictator by others, Castro defined not one but several eras in world politics.

Young Castro Jonathan M. Hansen 2020-06-30 This intimate, revisionist portrait of Fidel Castro, showing how an unlikely young Cuban led his country in revolution and transfixed the world, is "sure to become the standard on Castro's early life" (Publishers Weekly). Until now, biographers have treated Castro's life like prosecutors, scouring his past for evidence to convict a person they don't like or don't understand. Young Castro challenges us to put aside the caricature of a bearded, cigar-munching, anti-American hothead to discover how Castro became the dictator who acted as a thorn in the side of US presidents for nearly half a century. In this "gripping and edifying narrative...Hansen brings imposing research and notable erudition" (Booklist) to Castro's early life, showing Castro getting his toughness from a father who survived Spain's class system and colonial wars to become one of the most successful independent plantation owners in Cuba. We see a boy running around that plantation more comfortable playing with the children of his father's laborers than his own classmates at elite boarding schools in Santiago de Cuba and Havana. We discover a young man who writes flowery love letters from prison and contemplates the meaning of life, a gregarious soul attentive to the

needs of strangers but often indifferent to the needs of his own family. These pages show a liberal democrat who admires FDR's New Deal policies and is skeptical of communism, but is also hostile to American imperialism. They show an audacious militant who stages a reckless attack on a military barracks but is canny about building an army of resisters. In short, Young Castro reveals a complex man. The first American historian in a generation to gain access to the Castro archives in Havana, Jonathan Hansen was able to secure cooperation from Castro's family and closest confidants. He gained access to hundreds of never-before-seen letters and interviewed people he was the first to ask for their impressions of the man. The result is a nuanced and penetrating portrait of a man at once brilliant, arrogant, bold, vulnerable, and all too human: a man who, having grown up on an island that felt like a colonial cage, was compelled to lead his country to independence. Dreaming in Cuban Cristina García 2011-06-08 "Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind."—The Denver Post

Fidel Castro Hourly History 2017-09-27 Fidel Castro When Fidel Castro died on November 25, 2016, it seemed as if much of the world didn't quite know what to make of the revolutionary leader. The images of loyal Cubans in Havana openly crying in the streets stood in stark contrast to the Cuban exiles and their descendants just 90 miles away in Miami, Florida. While Cuban citizens were mourning, Cuban Americans were celebrating; they were laughing, dancing, and drinking to celebrate Castro's demise. It seems that Fidel Castro was just as polarizing in death as he was in life. Castro's Daughter Alina Fernandez 1998-10-15 "Mommy, mommy, call him. Tell him to come here right away. I have so many things to tell him!" I had a ton of things to tell him. I wanted him to find a solution to all the shortages of clothes; of meat, so it would again be distributed through the ration books. I also wanted to ask him to give our Christmas back. And to come live with us. I wanted to let him know how much we really needed him... Fidel didn't answer my letter. I kept writing him letters from a sweet and well-behaved child, a brave but sad girl. Letters resembling those of a secret, spurned lover... As a girl growing up in Cuba, Alina Fernandez found nothing abnormal in the fact that Fidel Castro would occasionally visit her house bearing gifts just for her. At the age of ten, her mother finally told her the truth: she was Castro's Daughter.

The Prison Letters of Fidel Castro Fidel Castro 2009-04-29 Early in Ann Louise Bardach's Cuban voyage she came across Cartas de Presidio or The Prison Letters of Fidel Castro. Edited by Luis Conte Aguero, who was the recipient of most of these letters, they are cited in every important work from Hugh Thomas' opus Cuba to Tad Szulc's Fidel biography, and everything in between and since. These twenty-one letters (nine to Conte Aguero, six to his late sister and close collaborator, Lidia, one to his wife Mirta, one to his comrade in combat, Melba Hernandez letters, one to the great scholar Jorge Manach) are regarded as the single most valuable and revelatory document regarding Fidel Castro and the Cuban Revolution. Never before published in English, these letters were written when Castro was imprisoned for his failed attack on the Moncada from 1953 to 1955 and reveal a man of spectacular ambition and steely determination. A man, who despite being incarcerated to serve a lengthy prison term, never wavers in his confidence that he will one day rule Cuba.
