Many Subtle Channels Daniel Levin Becker 2012-05-08 Main description: What sort of society could bind together Jacques Roubaud, Italo Calvino, Marcel Duchamp, and Raymond Queneau-and Daniel Levin Becker, a young American obsessed with language play? Only the Oulipo, the Paris-based experimental collective founded in 1960 and fated to become one of literature's quirkiest movements. An international organization of writers, artists, and scientists who embrace formal and procedural constraints to achieve literature's possibilities, the Oulipo (the French acronym stands for 0workshop for potential literature0) is perhaps best known as the cradle of Georges Perec's novel A Void, which does not contain the letter e. Drawn to the Oulipo's mystique, Levin Becker secured a Fulbright grant to study the organization and traveled to Paris. He was eventually offered membership, becoming only the second American to be admitted to the group. From the perspective of a young initiate, the Oulipians and their projects are at once bizarre and utterly compelling. Levin Becker's love for games, puzzles, and language play is infectious, calling to mind Elif Batuman's delight in Russian literature in The Possessed. In recent years, the Oulipo has inspired the creation of numerous other collectives: the OuMuPo (a collective of DJs), the OuMaPo (marionette players), the OuBaPo (comic strip artists), the OuFlarfPo (poets who generate poetry with the aid of search engines), and a menagerie of other Ou-X-Pos (workshops for potential something). Levin Becker discusses these and other intriguing developments in this history and personal appreciation of an iconic-and iconoclastic-group.

The Art of Asking Your Boss for a Raise Georges Perec 2017-01-17 Darkly funny account of the office worker's mindset by the celebrated French novelist A long-suffering employee in a big corporation has summoned up the courage to ask for a raise. But as he runs through the looming encounter in his mind, his neuroses come to the surface: What is the best day to see the boss? What if he doesn't offer you a seat

when you go into his office? *The Art of Asking Your Boss for a Raise* is a hilarious account of an employee losing his identity—and possibly his sanity—as he tries to put on the most acceptable face for the corporate world, with its rigid hierarchies and hostility to new ideas. If he follows a certain course of action, so this logic goes, he will succeed—but, in accepting these conditions, are his attempts to challenge his world of work doomed from the outset? Neurotic and pessimistic, yet endearing, comic and never less than entertaining, Perce's Woody Allen-esque underling presents an acute and penetrating vision of the world of office work, as pertinent today as it was when it was written in 1968.

The New English Landscape Jason Orton 2013

Badenheim Nineteen Thirty-nine Aharon Appelfeld 2009 It is the spring of 1939 in the age of anxiety. In months Europe will be Hitler's. And Badenheim, a resort town vaguely in the orbit of Vienna, is preparing for its summer season. The vacationers arrive as they always have, a sampling of Jewish middleclass life: the impresario Dr.

Pappenheim, his musicians, and their conductor; the gay Frau Tsauberblit; the historian Dr. Fusholdt and his much younger wife; the 'readers,' twins whose passion for Rilke is featured on their program; a child prodigy; a commercial traveler; a rabbi. The list waxes as the summer wanes. To receive them in the town are the pharmacist and his worried wife, the hotelier and his large staff, the pastry shop owner and his irritable baker, Sally and Gertie (two quite respectable prostitutes), and, mysteriously, the bland inspectors from the "Sanitation Department." The story unfolds as matter-of-factly as a Chekhov play. The characters on stage are so deeply held by their defensive daily trivia that they manage to misconstrue every signal of their fate. Finally, de facto prisoners in their familiar resort, the vacationers, now increased by the forced crowding-in of other Jews hardly on vacation, take on the lineaments of undefined disaster. The text builds a sense of foreboding in which each human detail is so persuasive, so right in its fidelity to the terrible evasions of the time, that it leaves the reader transformed by what he and the author know must happen to Badenheim's people. *Badenheim 1939* owes everything to its author's astonishing capacity to recreate the energies and confusions of innocent and uncomprehending victims who, always loyal to civility and social graces, fail to even dimly see the cruel terms of their imminent fate.

A Void Georges Perec 2005 "...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor, pathos, and loss."--Time magazine *A Void* is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford Perec occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E. The year is 1968, and as France is torn apart by social and political anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games, especially for "lipograms," compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances . . .

Shadows in the City of Light Sara R. Horowitz 2021-05-01 Examines the place of Paris in French Jewish literary memory, a memory that, of necessity, grapples with the aftermath of the Holocaust. The essays in *Shadows in the City of Light* explore the significance of Paris in the writing of five influential French writers—Sarah Kofman, Patrick Modiano, George Perec, Henri Raczymow, and Irene Nemirovsky—whose novels and memoirs capture and probe the absences of deported Paris Jews. These writers move their readers through wartime and postwar cityscapes of Paris, walking them through streets and arrondissements where Jews once resided, looking for traces of the disappeared. The city functions as more than a backdrop or setting. Its streets and buildings and monuments remind us of the exhilarating promise of the French Revolution and what it meant for Jews dreaming of equality. But the dynamic space of Paris also reminds us of the Holocaust and its aftermath. The shadowed paths traced by these writers raise complicated questions about ambivalence, absence, memory, secularity, and citizenship. In their writing, the urban landscape itself bears witness to the absent Jews, and what happened to them. For the writers treated in this volume, neither their Frenchness nor their Jewishness is a fixed point. Focusing on Paris's dual role as both a cultural hub and a powerful symbol of hope and conflict in Jewish memory, the contributors address intersections and departures among these writers. Their complexity of thought, artistry, and depth of vision shape a new understanding of the impact of the Holocaust on Jewish and French identity, on literature and literary forms, and on the development of Jewish secular culture in Western Europe. Sara R. Horowitz is Professor of Humanities and Comparative Literature at York University and the author of *Voicing the Void: Muteness and Memory in Holocaust Fiction*, also published by SUNY Press. Amira Bojadzija-Dan is Research Associate at the Israel and Golda Koschitzky Centre for Jewish Studies at York University. Julia Creet is Professor of English at York University and the author of *The Genealogical Sublime*. Together, they are also coeditors of *H. G. Adler: Life, Literature, Legacy*.

The Narrative of Arthur Gordon Pym of Nantucket Edgar Allan Poe 2022-06-02 "The Narrative of Arthur Gordon Pym of Nantucket" is the only complete novel written by American writer Edgar Allan Poe. The story was inspired by a newspaper account of the shipwreck and subsequent rescue of the two men on board. Poe developed the story into a tale of the young Arthur Gordon Pym, who stows away aboard a whaling ship called the Grampus. Yet, it's not the mere adventures that make this book a literary masterpiece. Poe imbued his tale with allegorical richness, biblical imagery, and psychological insights. This novel has influenced numerous writers, including Melville, James, Verne, and Nabokov.

Portrait of a Man Known as Il Condottiere Georges Perec 2015-04-10 Puckish and playful, Georges Perec infused avant-garde and experimental fiction with a wit and wonder that belied the serious concerns and concepts that underpinned it. A prominent member of the OuLiPo, and an abiding influence on fiction writers today, Perec used formal constraints to dazzling effect in such works as A Void—a murder mystery that contains nary an “e”—and Life A User’s Manual, in which an apartment building, systematically canvassed, unfolds secrets and, ultimately offers a reflection on creation, destruction, and the devotion to art. Before embarking on these experiments, however, Perec tried his hand at a relatively straightforward novel, Portrait of a Man. His first book, it was rejected by publishers when he submitted it in 1960, after which he filed it away. Decades after Perec’s death, David Bellos discovered the manuscript, and through his translation we have a chance to enjoy it in English for the first time. What fans will find here is a thriller that combines themes that would remain prominent in Perec’s later work, such as art forgery, authenticity, and murder, as well as craftsman Gaspard Winckler, who whose namesakes play major roles in Life A User’s Manual and W or The Memory of Childhood. Engaging and entertaining on its own merits, and gaining additional interest when set in the context of Perec’s career, Portrait of a Man is sure to charm the many fans of this postmodern master.

Jordan Murphy, father of missing student Jasmine and the town's local dealer, instantly becomes prime suspect, but Detective Con Badenhorst knows that in a town this size - with corrupt cops, small-town politics, and a teenage YouTube sensation - anyone could be hiding something, and bluffing comes second nature. When a body is found,

mauled, at the bottom of a cliff, suspicion turns to a wild animal - but that can't explain why she, like all victims past and present, was discovered barefoot, with her shoes found nearby, laces neatly tied. La Boutique Obscure Georges Perec 2013-02-19 The beguiling, never-before-translated dream diary of Georges Perec In La Boutique Obscure Perec once again revolutionized literary form, creating the world's first "nocturnal autobiography." From 1968 until 1972—the period when he wrote his most well-known works—the beloved French stylist recorded his dreams. But as you might expect, his approach was far from orthodox. Avoiding the hazy psychoanalysis of most dream journals, he challenged himself to translate his visions and subconscious churnings directly into prose. In laying down the nonsensical leaps of the imagination, he finds new ways to express the texture and ambiguity of dreams—those qualities that prove so elusive. Beyond capturing a universal experience for the first time and being a fine document of literary invention, La Boutique Obscure contains the seeds of some of Perec's most famous books. It is also an intimate portrait of one of the great innovators of modern literature. Three Georges Perec 1996 Perec has rightfully assumed his position in the pantheon of truly original writers of the past century. Godine has issued all but one of his books in this country, including his masterpiece *Life A User's Manual*. Here, in one volume, are three easy pieces by the master of the verbal firecracker and Gallic wit. The novella *The Exeter Text* contains all those E's that were omitted from *A Void* (Perec hated waste) and no other vowel (honest). In *In Which Moped with Chrome-Plated Handlebars at the Back of the Yard?* we are introduced to Sergeant Henri Pollak and his vehicle (the aforementioned moped) that carried him between Vincennes and Montparnasse; in *A Gallery Portrait*, the sensation of the 1913 exhibition in Pittsburgh depicts the artists' patron, beer baron Hermann Raffke, sitting in front of his huge art collection, which includes (of course) *A Gallery Portrait of the baron sitting before A Gallery Portrait*, etc. *A Void* Georges Perec 2008 Anton Vowl is missing. Ransacking his Paris flat, a group of his faithful companions trawl through his diary for any hint as to his location and, insidiously, a ghost, from Vowl's past starts to cast its malignant shadow. This virtuoso story, chock-full of plots and subplots, shows the skill of both author and translator who impart all the action without a crucial grammatical prop: the letter 'e'.

53 Days Georges Perec 1999

An Event, Perhaps Peter Salmon 2020-10-13 Philosopher, film star, father of "post truth"—the real story of Jacques Derrida Who is Jacques Derrida? For some, he is the originator of a relativist philosophy responsible for the contemporary crisis of truth. For the far right, he is one of the architects of Cultural Marxism. To his academic critics, he reduced French philosophy to "little more than an object of ridicule." For his fans, he is an intellectual rock star who ranged across literature, politics, and linguistics. In *An Event, Perhaps*, Peter Salmon presents this misunderstood and misappropriated figure as a deeply humane and urgent thinker for our times. Born in Algiers, the young Jackie was always an outsider. Despite his best efforts, he found it difficult to establish himself among the Paris intellectual milieu of the 1960s. However, in 1967, he changed the whole course of philosophy: outlining the central concepts of deconstruction.

Immediately, his reputation as a complex and confounding thinker was established. Feted by some, abhorred by others, Derrida had an exhaustive breadth of interests but, as Salmon shows, was moved by a profound desire to understand how we engage with each other. It is a theme explored through Derrida's intimate relationships with writers such as Althusser, Genet, Lacan, Foucault, Cixous, and Kristeva. Accessible, provocative and beautifully written, *An Event, Perhaps* will introduce a new readership to the life and work of a philosopher whose influence over the way we think will continue long into the twenty-first century.

Vampire City Paul Feval 2003-09-01 Some tell of a great city of black jasper which has streets and buildings like any other city but is eternally in mourning, enveloped by perpetual gloom. To destroy the dreaded vampire lord Otto Goetzi, writer Ann Radcliffe, Merry Bones the Irishman, and Grey Jack her faithful servant, launch an all-out attack on Selene... "We can easily see in Vampire City the ultimate literary ancestor of Buffy the Vampire-Slayer."-Brian Stableford. Paul Feval (1816-1887) was the author of numerous popular swashbuckling novels and one of the fathers of the modern crime thriller. Brian Stableford has published more than fifty novels and two hundred short stories. Vampire City was written in 1867-thirty years before Bram Stoker's Dracula-and is one of three classic vampire stories also available from Black Coat Press.

Georges Perec's Geographies Charles Forsdick 2019-10-14 Georges Perec, novelist, filmmaker and essayist, was one of the most inventive and original writers of the twentieth century. A fascinating aspect of his work is its intrinsically geographical nature. With major projects on space and place, Perec's writing speaks to a variety of geographical, urban and architectural concerns, both in a substantive way, including a focus on cities, streets, homes and apartments, and in a methodological way,

experimenting with methods of urban exploration and observation, classification, enumeration and taxonomy.

Georges Perec: A Life in Words David Bellos 2010-11-30 "It's hard to see how anyone is ever going to better this User's Manual to the life of Georges Perec" - Gilbert Adair, Sunday Times Winner of the Prix Goncourt for Biography, 1994 George Perec (1936-82) was one of the most significant European writers of the twentieth century and undoubtedly the most versatile and innovative writer of his generation. David Bellos's comprehensive biography - which also provides the first full survey of Perec's irreverent, polymathic oeuvre - explores the life of an anguished, comical and endearingly modest man, who worked quietly as an archivist in a medical research library. The French son of Jewish immigrants from Poland, he remained haunted all of his life by his father's death in the war, fighting to defend France, and his mother's in Auschwitz-Birkenau. His acclaimed novel *A Void* (1969) - written without using the letter "e" - has been seen as an attempt to escape from the words "père", "mere", and even "George Perec". His career made an auspicious start with *Things: A Story of the Sixties* (1965), which won the Prix Renaudot. He then pursued an idiosyncratic and ambitious literary itinerary through the intellectual ferment of Paris in the 1960s and 1970s. He belonged to the *Ouvrier de Littérature Potentielle* (OuLiPo), a radically inventive group of writers whose members included Raymond Queneau and Italo Calvino. Perec achieved international celebrity with *Life A User's Manual* (1978), which won the Prix Medicis and was voted Novel of the Decade by the Salon du Livre. He died in his mid-forties after a short illness, leaving a truly puzzling detective novel, *53 Days*, incomplete. "Professor Bellos's book enables us at once to relish the most wilfully bizarre aspects of Perec's oeuvre and to understand the whys and wherefores of his protean nature" - Jonathan Romney, *Literary Review*

Alphabetical Africa Walter Abish 1974 "Walter Abish has dovetailed his novel within a Procrustean scheme that has the terrifying and irrefutable logic of the alphabet.

Alphabetical Africa is in the line of writers such as Raymond Roussel, Raymond Queneau, Georges Perec and Harry Mathews, who have used constrictive forms to penetrate the space on the other side of poetry." -- John Ashbery

Three by Perec Georges Perec 2004 "Here, in one volume, are three "easy pieces" by the master of the verbal firecracker and Gallic wit. The novella "The Exeter Text" contains all those e's that were omitted from *A Void* (Perec hated waste) and no other vowel (honest). In "Which Moped with Chrome-Plated Handlebars at the Back of the Yard?" we are introduced to Sergeant Henri Pollak and his vehicle (the aforementioned moped) that carried him between Vincennes and Montparnasse; in "A Gallery Portrait", the sensation of the 1913 exhibition in Pittsburgh depicts the artists' patron, beer baron Hermann Raffke, sitting in front of his huge art collection, which includes (of course) "A Gallery Portrait" of the baron sitting before "A Gallery Portrait," etc." -- From publisher's website.

Life Georges Perec 2012-04-24 In this ingenious book Perec creates an entire microcosm in a Paris apartment block. Serge Valene wants to make an elaborate painting of the building he has made his home for the last sixty years. As he plans his picture, he contemplates the lives of all the people he has ever known there. Chapter by chapter, the narrative moves around the building revealing a marvellously diverse cast of characters in a series of every more unlikely tales, which range from an

avenging murderer to an eccentric English millionaire who has devised the ultimate pastime...

Species of Spaces and Other Pieces Georges Perec 1997 This selection of non-fictional work from the author of *Life, a User's Manual*, demonstrates Georges Perec's characteristic lightness of touch, wry humour and accessibility.

Escape Attempts Stanley Cohen 2003-08-29 From sexual fantasies to holidays this marvellous book charts our escape attempts. In a series of dazzling commentaries the authors reveal the ordinary and extraordinary ways in which we seek to defy the despair of the breakfast table and the office But the book is much more than a first-rate cartography of everyday life. It crackles with important theoretical insights about how 'normality' is managed. This fully revised edition contains a superb new introduction, 'Life After Postmodernism', which exposes the conceits of the postmodernist adventure and which should be required reading for anyone interested in making sense of everyday life.

I Remember Georges Perec 2020-05-21 'Perec is serious fun' *The Guardian* Both an affectionate portrait of mid-century Paris and a daring memoir, Georges Perec's *I Remember* is now available in English to UK readers for the first time, with an introduction by David Bellos. In 480 numbered statements, all beginning identically with 'I remember', Perec records a stream of individual memories of a childhood in post-war France, while posing wider questions about memory and nostalgia. As playful and puzzling as the best of his novels, *I Remember* is an ode to life: the ordinary, the extraordinary, and the sometimes trivial, as seen through the eyes of the irreplaceable Georges Perec.

Torpor Chris Kraus 2017-05-04 The latest novel from the author of cult super-hit *I LOVE DICK* It's Summer, 1991, the dawning of the New World Order; a post-MTV, pre-AOL generation. Jerome Shafir and Sylvie Green, two former New Yorkers who can no longer afford an East Village apartment, set off on a journey across the entire former Soviet Bloc with the intention of adopting a Romanian orphan. Unflinchingly dark, hilarious and moving, *Torpor* is at once a satire and philosophy of cultural history, social identity and failing relationships. Dipping into the trajectory of a life at different moments, Kraus interrogates convention and emotion, creating characters that are flawed, witty, and altogether true to life. Part prequel, part sequel, *Torpor* continues a project of life-writing: personal, unsparing, and triumphant. If *I Love Dick* is the book of your 20s, *Torpor* is the book of your 30s.

How German Is It Walter Abish 1980-11-17 Ulrich Hargenau testifies against fellow members of a German terrorist group in order to save himself and his wife, Paula, and contemplates the nature of his German heritage. The question *How German Is It* underlies the conduct and actions of the characters in Walter Abish's novel, an icy panorama of contemporary Germany, in which the tradition of order and obedience, the patrimony of the saber and the castle on the Rhine, give way to the present, indiscriminate fascination with all things American. On his return from Paris to his home city of Würtenburg, Ulrich Hargenau, whose father was executed for his involvement in the 1944 plot against Hitler, is compelled to ask himself, "How German am I?"—as he compares his own recent attempt to save his life, and his wife Paula's, by testifying against fellow members of a terrorist group, with his father's selfless heroism. Through Ulrich—privileged, upper class—we confront the incongruities of the new democratic

Germany, in particular the flourishing community of Brumholdstein, named after the country's greatest thinker, Brumhold, and built on the former site of a concentration camp. Paula's participation in the destruction of a police station; the State's cynical response to crush the terrorists; two attempts on Ulrich's life; the discovery in Brumholdstein of a mass grave of death camp inmates—all these, with subtle irony, are presented as pieces of a puzzle spelling out the turmoil of a society's endeavor to avoid the implications of its menacing heritage.
