On virtually every level, this is a sequel that hates sequels—a perfect fit for a hero who already defies the tropes. [Grade:] A”—Entertainment Weekly As a Red, Darrow grew up working the mines deep beneath the surface of Mars, enduring backbreaking labor while dreaming of the better future he was building for his descendants. But the Society he faithfully served was built on lies. Darrow’s kind have been betrayed and denied by their elitist masters, the Golds—and their only path to liberation is revolution. Azura Ghost Essa Hansen 2022-02-01 One man and his sentient starship are all that stands between the multiverse and its total destruction in the second book of Essa Hansen’s brilliant, mind-bending space opera trilogy perfect for fans of *The Expanse* and *A Long Way to a Small Angry Planet*. Caiden has been on the run for ten years in order to keep his Graven ship out of the hands of his old adversary, Threi. But when a childhood friend he once thought dead reappears to take it, he is lured into a game of hunter and hunted with the one person whose powers rival Threi’s; his sister, Abriss. Now to have a fighting chance against the most influential siblings in the multiverse, Caiden is left with no choice. He must unlock the Azura’s true potential—which means finally confronting his own mysterious genetic origins. “Unpredictable and strikingly unique, *Azura Ghost* is science fiction without any limits to its imagination. Genre-breaking brilliance!”--David Dalglish, USA Today bestselling author “A blistering crash through bubble universes, seas of the luminous dead, and sleeping alien cities. Liquid-crystal star ships, living machines, reality-cleaving swordplay, and a dynasty whose words command your synapses and cells. Heart-heavy, astonishingly inventive, with language that burns like plasma. A biomechanical sucker punch of a book. The space opera you’ve been waiting for.”--Micah Dean Hicks, author of *Break the Bodies*, *Haunt the Bones* “Essa Hansen is one of the most imaginative authors in science fiction today, and in *AZURA GHOST* she delivers a thrill ride of a story.”--Michale Mammay, author of *Planetside* “*Azura Ghost* is a magnificent achievement. Hansen juggles multiple universes as if they were fireballs, without ever dropping a single one. Like the best of science fiction, *Azura Ghost* asks the questions that we often fear to ask ourselves: about the extent of our responsibility in this world, what it means to choose, the limits of empathy, and the inevitability of loss; and like the best of science fiction, it asks them both at the scale of the cosmos, and at the level of a single human heart. The novel’s ambition is upheld by soaring prose, which does full justice to the scope of Hansen’s imagination. An instant classic.” -- Gautam Bhatia, co-ordinating editor of *Strange Horizons* and author of *The Wall* and *The Horizon*

Which Way? Lidia Stanton 2017-07-07 For page samples, follow the link: <https://books.lidiastanton.com/whichway> This colourful and highly engaging resource is written for children as young as 4-5 years old but also those in Key Stage 2 of primary school (up to 9 years old) who continue to feel confused by letter and digit shapes. The latter group might become so discouraged that they avoid writing, or write very little, despite having great imaginations. They start doubting their ability to simply 'know' the correct way when writing b/d, p/q, p/g, 9/g, 6/9, s/z, 5/S, S/3, etc. Most teachers and parents are very good at playing down the reversals and encouraging the child to have another go. They say, "It's fine, it's still good writing. I love what you've written here." Yet, after so many attempts and after so many teacher corrections on the page, the child begins to think, "This writing game might not be for me after all". Those with dyslexia will have additional phonological difficulties to manage alongside poor memory for graphic shapes. This workbook is for children who can trace well at speed, thus appear to have developed adequate motor memory in their fingers, yet struggle to remember 'which way' to write the letter or digit. It is very likely that they will be ready to integrate this type of linear visual-spatial information at a later time. For now, they have no real-life representation, or model, of a handful of graphic shapes in their brains, and this, in turn, can affect their confidence in writing independently. This resource offers practical and long-term 'tricks' that will trigger the child's memory at the right moment. It adopts a complementary approach

to traditional letter formation teaching to bridge the gap between children who are proficient graphic writers and those whose brains make different sense of graphic information. Many children with dyslexia and dysgraphia will particularly benefit from completing the workbook. How to use the resource The child doesn't need to work through the entire book. Choose sections that are relevant to their needs. Younger children (aged 4-6) will almost certainly need assistance when working with the resource, although older ones will no doubt choose to work independently, showing their practised strategies and completed activities to teachers and parents. It is recommended that section 7 (Use your whole body) is attempted with the help of an older helper or adult. There are more than one method to help distinguish between b/d/p and s/z in this workbook. Introduce the child to only one method at a time, evaluate the child's progress, and decide whether there is a need to move on to the next one. Some children are more practical than visual - the 'Use your hands' strategy might be sufficient for them. Other children might enjoy more visual strategies in sections 4, 5 and 6. In my experience, section 7 (Use your whole body) works well with children who need to 'experience' concepts in a multi-sensory manner. Pay attention to the child's initial response to a particular method. It will guide you along. You can mix and match strategies. Some children don't confuse b/d as much but struggle with p/q. Some activities can be completed independently of the section the child is currently working through. For example, Activity 7 can be attempted after completing the 'Use your hands' section. Flick through the book to decide which activities appear to be suitable to the child's current progress.

The Fires of Vengeance Evan Winter 2020-11-10 In this "relentlessly gripping, brilliant" epic fantasy (James Islington), an ousted queen must join forces with a young warrior in order to reclaim her throne and save her people. Tau and his Queen, desperate to delay the impending attack on the capital by the indigenous people of Xidda, craft a dangerous plan. If Tau succeeds, the Queen will have the time she needs to assemble her forces and launch an all out assault on her own capital city, where her sister is being propped up as the 'true' Queen of the Omehi. If the city can be taken, if Tsiora can reclaim her throne, and if she can reunite her people then the Omehi have a chance to survive the onslaught. Snowblind Christopher Golden 2014-01-21 In Christopher Golden's first horror novel in more than a decade--a work reminiscent of early Stephen King--Snowblind updates the ghost story for the modern age. The small New England town of Coventry had weathered a thousand blizzards . . . but never one like this. Icy figures danced in the wind and gazed through children's windows with soul-chilling eyes. People wandered into the whiteout and were never seen again. Families were torn apart, and the town would never be the same. Now, as a new storm approaches twelve years later, the folks of Coventry are haunted by the memories of that dreadful blizzard and those who were lost in the snow. Photographer Jake Schapiro mourns his little brother, Isaac, even as---tonight---another little boy is missing. Mechanic and part-time thief Doug Manning's life has been forever

scarred by the mysterious death of his wife, Cherie, and now he's starting over with another woman and more ambitious crimes. Police detective Joe Keenan has never been the same since that night, when he failed to save the life of a young boy . . . and the boy's father vanished in the storm only feet away. And all the way on the other side of the country, Miri Ristani receives a phone call . . . from a man who died twelve years ago. As old ghosts trickle back, this new storm will prove to be even more terrifying than the last. Spellbinding in scope and rooted deeply in classic storytelling, Christopher Golden has written a chilling masterpiece that is the best work of his career and a standout supernatural thriller. With richly textured characters, scarred and haunted by the ghosts of those they loved most, *Snowblind* is rooted deeply in classic storytelling. Christopher Golden has written a chilling masterpiece that is both his breakout book and a standout supernatural thriller.

The Red Room August Strindberg 2020-10-26 Arvid Falk is a young and idealistic government worker who always wanted to be a poet. Starting afresh he sets out to explore every corner of the Swedish society, and the hypocrisy and corruption he finds shocks him. Along with Henrik Ibsen, Hans Christian Andersen, Søren Kierkegaard and Selma Lagerlöf he is one of the all-time most influential authors of Scandinavia.

Free Roll Brandt Tobler 2017-05-22 Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker

than water. -- back cover.

Fear the Sky Stephen Moss 2014-06-01 In eleven years time, a million members of an alien race will arrive at Earth. Years before they enter orbit, their approach will be announced by the flare of a thousand flames in the sky, their ships' huge engines burning hard to slow them from the vast speeds needed to cross interstellar space. These foreboding lights will shine in our night sky like new stars, getting ever brighter until they outshine even the sun, casting ominous shadows and banishing the night until they suddenly blink out. Their technology is vastly superior to ours, and they know they cannot possibly lose the coming conflict. But they, like us, have found no answer to the destructive force of the atom, and they have no intention of facing the onslaught of our primitive nuclear arsenal, or the devastation it would wreak on the planet they crave. So they have flung out an advanced party in front of them, hidden within one of the countless asteroids randomly roaming the void. They do not want us, they want our planet. Their Agents are arriving. "Fear the Sky is a brutal and powerful rendering of what would really happen if a race capable of interstellar travel set its sights on taking our planet from us.
