Graffiti New York Eric Felisbret 2009-10 Presents the history of graffiti art in New York City, detailing the concepts, aesthetics, ideals, and social structures that have served as a cultural blueprint for graffiti movements across the world.

Teaching for Black Lives Flora Harriman McDonnell 2018-04-13 Black students' bodies and minds are under attack. We're fighting back. From the north to the south, corporate curriculum lies to our students, conceals pain and injustice, masks racism, and demeans our Black students. But it's not only the curriculum that is traumatizing students.

Graffiti Cookbook Björn Almqvist 2014-04-04 A rich source of inspiration for anyone interested in do-it-yourself culture, this is a guide to the materials and techniques used in today's most creative and progressive art movement. In hundreds of pictures and illustrations and dozens of interviews with the world's most famous artists, the authors show exactly how graffiti is made. From spray techniques and hand styles to tools and style analysis, this is a trip around the world for the tricks of graffiti writers. Includes • tips on how to create your own piece, tag and throw up • how to use textiles, glass, metal, concrete or wood • with Swet, Jurne, Mad C, Eggs and Chob as some of the featured artists.

Subway Art Martha Cooper 1984 Traces the history of New York graffiti, shows a variety of painted subway cars, and describes the graffiti writers and how they work

The Academic Entrepreneur John Paul Tabakian 2013-04-17 Public funding for community colleges has been steadily declining since the peak of funding in the 1970s. Surviving the constant threats of budgetary cuts has been a key motivating factor for community colleges to embrace academic entrepreneurialism. I examined the academic entrepreneurial pursuits of one California Community College (CCC) to understand those factors that encourage community college faculty to pursue academic entrepreneurial solutions. The purpose of this qualitative study is to examine factors that encourage academic entrepreneurialism among community college faculty. Specifically, I investigated three categories of factors that influence academic entrepreneurialism: individual, institutional, and environmental. Individual factors include demographic and background characteristics, including age, race, gender, academic training, and previous professional careers. Institutional factors include program offerings available for students, institutional reputation and history, institutional policies and practices, and academic and administrative leadership. Environmental factors relate to the peer influences of a campus that encourages academic entrepreneurial behavior of faculty. The significance of this study lies in the identification of factors that encourage academic entrepreneurialism among community college faculty, ultimately supporting institutional efforts to augment funding. I investigated individual, institutional, and environmental factors that encourage academic entrepreneurialism among community college faculty. Accordingly, the research questions identify key factors that encourage academic entrepreneurialism among community college faculty and explain how they facilitate faculty to engage in academic entrepreneurialism. The research questions that I evaluated in this study are: What individual, institutional, and environmental factors influence community college faculty to engage in academic entrepreneurialism? What is the relationship between faculty background, institutional, and environmental characteristics and the frequency and quality of academic entrepreneurialism among community college faculty? I found that all three factors are essential elements of academic entrepreneurialism among community college faculty. Individual, institutional, and environmental factors consist of people who are all pursuing their self-interest. This follows the tenets of rational choice theory as the study finds that self-interest influences faculty academic entrepreneurialism. The study argues that changes to institutional policies are the key determining factor to encourage academic entrepreneurialism among community college faculty. Institutional policies determine how a college functions and understands the interrelationship between individual, institutional, and environmental factors. Encouraging academic entrepreneurialism among community college faculty requires institutional policies that focus on the fundamental issue: recruiting, retaining, and evaluating community college faculty. The study offers suggestions for how to influence institutional policies that in turn encourage faculty academic entrepreneurialism by addressing the following areas: faculty job descriptions, faculty job announcements, evaluating faculty levels of academic entrepreneurialism, and offering entrepreneurial

faculty financial incentives.

Learn to Draw a Graffiti Master-piece Graffiti Diplomacy 2013-07-25 Teaches a variety of graffiti word designs. Includes step-by-step instructions, in both pictures and text that will guide one through the process of creating a graffiti masterpiece.

KnowThis Marketing Basics 2nd Edition Paul Christ 2012-03 KnowThis: Marketing Basics 2nd edition offers detailed coverage of essential marketing concepts. This very affordable book is written by a marketing professor and covers the same ground as much more expensive books while offering its own unique insights. The book takes a highly applied approach including offering over 150 real-world examples. The new edition includes enhanced coverage of numerous new developments and how these affect marketing including social networks, mobile device applications ("apps"), neuro-research, group couponing, smartphone payments, quick response codes, to name a few. The new edition also features expanded coverage of globalization, Internet and mobile networks, consumer purchase behavior and much more. The book is ideal for marketing professionals, students, educators, and anyone else who needs to know about marketing. Supported by KnowThis.com, a leading marketing resource.

Contents: 1: What is Marketing? 2: Marketing Research 3: Managing Customers 4: Understanding Customers 5: Targeting Markets 6: Product Decisions 7: Managing Products 8: Distribution Decisions 9: Retailing 10: Wholesaling & Product Movement 11: Promotion Decisions 12: Advertising 13: Managing the Advertising Campaign 14: Sales Promotion 15: Public Relations 16: Personal Selling 17: Pricing Decisions 18: Setting Price 19: Managing External Forces 20: Marketing Planning & Strategy Appendix: Marketing to the Connected Customer

Modern Management's Guide to Information Technology Michael Stephen Bird 2010-08-21 The articles included in this book present the concept of Information Technology (IT) management. There are various topics such as managing diverse project team members, leading IT professionals, aligning IT strategies to business strategies, improving the value chain analysis through effective management of technology resources, managing new technology in the education industry, and agile software development methodologies. He also includes the results of his dissertation study that reveals the software project managers view of the agile software development approach. He presents some valuable suggestions on how to improve the success of agile software development projects.

If your answer is in the affirmative, what are you waiting for? YOU ARE MORE THAN WELCOME SHARE YOUR THOUGHTS AND HONEST REVIEW

Blackbook Graffiti Sketchbook Blank Book with White Papers Sketch Book Art Book Daloselo Selo 2020-01-02 118 sheets of bright white paper. This blackbook is specially designed for artists and draftsmen of special graffiti. It is a book with 120 pages (118 pages of which in white) where they can live out their artistic freedom. Paint into the book or write your notes into it and use it as a notebook. Graffiti art comes from the street, where artists have reflected their art on walls in a difficult to read font called graffiti. This book has only white pages. A sketch book for adults and also for children. Suitable for women and men. This blank book is also great for school. It has a size of 22 x 28cm. It fits perfectly into any backpack. Dark black leather vintage optic

Defining Success Gary A. Mcabee 2017-09-16 The road to success can be a long, arduous journey. It is a journey that needs a step-by-step, clearly defined strategy to arrive at the final destination. To accomplish this goal, Gary A. McAbee has laid out a series of success principles, carefully placed in a logical order, which can lead to greater success. These principles have been used consistently by many of the highest achievers in our society. If they can use these concepts to reach success, then they can also be used by everyone to achieve victory. The book Defining Success: One Word at a Time starts with defining and visualizing the end result: victory. From there, concepts like faith, passion, knowledge, and patience are introduced to the reader as building blocks toward success. Finally, the book ends with an all-encompassing definition of success. This definition, like all of the success keywords before it, includes the previous concepts outlined in this book. Projects, known as Call-to-Action exercises, are located throughout the book as samples that can be used to supplement the success keywords. In essence, these exercises serve as written examples that allow the reader to work toward success. By completing projects such as The Success Book, Goal Worksheet, and Define Your Success, the success keywords and the concepts associated with them come to life. Defining Success: One Word at a Time serves as a road map to success. Make no mistake about it; the road to success can be daunting. Yet this book, along with the teachings and exercises it contains, is the ultimate guide to producing greater results. It is a guide book to reach the ultimate goal: success!

Flip the Script Christian P. Acker 2013 Distinctive hand style lettering is an essential skill for artists and designers. Deftly executed hand crafted letter forms are a nearly forgotten art in an age of endless free fonts. Graffiti is one of the last reservoirs of

highly refined, well practiced penmanship. The most reviled and persecuted form of Graffiti, the Tag, is seldom appreciated for the raw beauty of its skeletal letter forms. Most tags are removed immediately, and thus the casual viewer seldom has a chance to discern the difference between entry level and advanced hand styles. Within the pages of *Flip the Script*, author Christian Acker has systematically analyzed the best graffiti hand styles, contextualizing the work of graffiti writers from around the United States. Acker presents the various lettering samples in a clean organized format, giving the material a proper, formal treatment evoking classic typography books.

*Graffiti Letters and Characters Coloring Book* Thomas Homer Jr 2019-07-24 Graffiti coloring book overview 44 single sided coloring pages full of lettering and positive phrases 2 copies of each graffiti drawing: enjoy your favorite design a second time Each design feature rendered sketches developed in my personal black book: say goodbye to lame "e;street art"e; fonts Over 16 characters throughout No offensive language: the perfect safe coloring book for teens and younger children

*Graffiti World Updated Edition* Nicholas Ganz 2009-09-01 A history of graffiti art traces its evolution from the late 1960s to today, citing its reflection of hip-hop culture as well as its symbolism of youth art.

*Sticker City* Claudia Walde 2007 A worldwide survey of the popular street art trend showcases the work of more than eighty top artists, including Shepard Fairey, Blek le Rat, and Swoon, in a volume that also traces the histories of specific "sticker cities" that host some of the world's most definitive collections. Original.

*The Isla Vista Crucible* Reilly Ridgell 2012-02-12 Three college roommates try to live and enjoy their student lives while caught up in the frenzy of casual drug use, recreational sex, lacrosse, rock and roll music, political activism, riots, and race relations during the tumultuous 1969-70 school year in the unique student community of Isla Vista.

*The Popular History of Graffiti* Fiona McDonald 2013-06-13 What is graffiti? And why have we, as a culture, had the urge to do it since 30,000 BCE? Artist Fiona McDonald explores the ways in which graffiti works to forever compel and simultaneously repel us as a society. When did graffiti turn into graffiti art, and why do we now pay thousands of dollars for a Banksy print when just twenty years ago, seminal graffiti artists from the Bronx were thrown into jail for having the same idea? Graffiti has not always been imbued with a sense of aesthetic, but when and why did we suddenly "decide" that it is worthy of consideration and criticism, just within the past few years? Throughout history, graffiti has served as an innately individualistic expression (such as Viking graffiti on the walls of eighth-century churches), but it has also evolved into a visual and narrative expression of a collective group. Graffiti brings to mind not only hip-hop culture and urban landscapes, but petroglyphs, tree trunks strewn with carved hearts symbolizing love, and million-dollar works of art. Learn about more graffiti artists and rebels such as: the band Black Flag, Lee Quinones and Fab 5 Freddy, Dandi, Zephyr, Blek le Rat, Nunca, Keith Haring, and more! Illustrated with stunning full-color photos of graffiti throughout time, *The Popular History of Graffiti* promises to be an important and dynamic addition to graffiti literature.

*You're Welcome, Universe* Whitney Gardner 2017-03-07 A vibrant, edgy, fresh new YA voice for fans of *More Happy Than Not* and *Simon vs. the Homo Sapiens Agenda*, packed with interior graffiti. Winner of the Schneider Family Book Award! When Julia

finds a slur about her best friend scrawled across the back of the Kingston School for the Deaf, she covers it up with a beautiful (albeit illegal) graffiti mural. Her supposed best friend snitches, the principal expels her, and her two mothers set Julia up with a one-way ticket to a “mainstream” school in the suburbs, where she’s treated like an outcast as the only deaf student. The last thing she has left is her art, and not even Banksy himself could convince her to give that up. Out in the ‘burbs, Julia paints anywhere she can, eager to claim some turf of her own. But Julia soon learns that she might not be the only vandal in town. Someone is adding to her tags, making them better, showing off—and showing Julia up in the process. She expected her art might get painted over by cops. But she never imagined getting dragged into a full-blown graffiti war. Told with wit and grit by debut author Whitney Gardner, who also provides gorgeous interior illustrations of Julia’s graffiti tags, *You’re Welcome, Universe* introduces audiences to a one-of-a-kind protagonist who is unabashedly herself no matter what life throws in her way. “[A] spectacular debut...a moving, beautifully written contemporary novel full of quirky art and complicated friendships...this book is a gift to be thankful for.”—BookRiot

Popsicle-Stick-Graffiti/ Number Four/ Draw Wildstyle Graffiti Diplomacy 2018-11-17  
Drawing instruction, arts and crafts projects, alphabet book

LA Graffiti Black Book David Brafman 2021-04-13 This collection of unique works by 150 Los Angeles graffiti and tattoo artists represents an unprecedented collaboration across the city’s diverse artistic landscape. Many graffiti artists carry sketchbooks, called black books, and they ask crew members and others whose work they admire to inscribe their books with lettering or drawings. A few years ago, the Getty Research Institute invited artists, including Angst, Axis, Big Sleeps, Chaz, Cre8, Defer, EyeOne, Fishe, Heaven, Hyde, Look, ManOne, and Prime, to consider the idea of a citywide graffiti black book. During visits to the Getty Center, the artists viewed rare books related to calligraphy and letterforms, including works by Albrecht Dürer and Leonardo da Vinci. The artists instantly recognized the connections to their own practices and were particularly drawn to a *liber amicorum* (book of friends), a form of autograph book popular in the seventeenth century. Passed from hand to hand, it was filled with signatures, poetry, and coats of arms, like a black book from another era. Inspired by this meeting of minds across centuries, these artists became both creators and curators, crafting their own pages and inviting others to contribute. Eventually 150 Los Angeles artists decorated 143 individual pages. These were bound together into an exquisite artists’ book that became known as the Getty Graffiti Black Book. This publication reproduces each page from the original artists’ book and recounts the story of an unprecedented collaboration across the diverse artistic landscape of Los Angeles.

How To Draw Graffiti Alphabets A B C Coloring Book Funny Art Press 2020-12-04  
HOW TO DRAW GRAFFITI ALPHABETS A.B.C COLORING BOOK + Beautiful gallery coloring logos and images! Your feedback Encourages us to achieve greater heights of excellence and is a reward for the effort we put in. Looking forward to the pleasure of welcoming you back soon. Thank you.

Graffiti Art Styles Lisa Gottlieb 2014-01-10 This book presents a classification system for graffiti art styles that reflects the expertise of graffiti writers and the work of art historian Erwin Panofsky. Based on Panofsky's theories of iconographical analysis, the classification model is designed to identify the style of a graffiti art piece through its visual characteristics. Tested by image cataloguers in archives, libraries, and museums, the system assists information professionals in identifying the iconic styles of graffiti art pieces. It also demonstrates the power of Panofsky's theories to provide access to non-representational or abstract art images. The result is a new paradigm for Panofsky's theories that challenges the assumptions of traditional models. This innovative book is a valuable resource for anyone who wants to learn more about graffiti art and for information professionals concerned with both the practical and intellectual issues surrounding image access.

Introduction to Creative Writing Stacey Cotrufo 2013-02-23 Introduction to Creative Writing for Middle School and High School provides the basics for students to learn how to channel their creative writing skills. With eleven lessons plus an introduction, students will learn the steps to follow to assist them in their writing assignments.

Are You My Mother ASL Curriculum Jessica Parker 2016-08-01 Are You My Mother? ASL Curriculum is a themed American Sign Language instruction unit based on the classic children's book "Are You My Mother?" It is for children in grades Kindergarten to 2nd grade. This curriculum includes 20 specific lessons focusing on the following ASL Concepts: Pronouns, Yes/No Face, Head Nod/Head Shake, Listing Technique, and Role-Shifting. Each ASL lesson includes vocabulary, a step-by-step teacher's guide, curriculum framework aligned to national standards, worksheets, weekly take-home activity guide for the parents, weekly assessment to chart student progress, access to signed videos, and other supplementary materials. ASL Concepts offers quality instruction for both Deaf and hearing students to develop their ASL skills, while also

instilling ASL grammar and knowledge of Deaf culture.

**Graffiti for Beginners Mega DNS 2021-04** Learn how to draw graffiti letters! Graffiti for Beginners is an easy-to-follow introduction that presents you with the basics behind graffiti lettering. The two funky yet classic graffiti alphabets created by experienced graffiti artist Mega gives you the opportunity to learn a basic graffiti style, as well as a more advanced wild style. Each of the alphabet's 26 letters has its own spread where the building blocks of the letter are carefully displayed next to the specified space for you to practice, along with illustrations of how the letters can be used in different words and names. In addition to the letters, you will find examples of characteristic elements used in graffiti such as 3D or shades to add depth to the letters, or arrows, stars, bubbles, highlights and shines to make the piece stand out. Graffiti for Beginners is the fundamental guide for you to learn how to master the alphabet with style and finesse, letter by letter, until you are able to put together complicated words and messages, adding the coloring of your own choice. Learning graffiti has never been easier or more fun! Graffiti for Beginners suits all ages and is a great tool for advertisers, home stylers, school teachers, kids and creative adults alike. Your teacher, Mega DNS, has over 35 years experience in writing graffiti. His letter style is best described as legible old New York style mixed with European style and most importantly: the letters must have movement and style.

**GRAFF COLOR MASTER Scape Martinez 2013-11-08** "Color communicates because color is powerful, & powerful color is more powerful still." --Scape Martinez In this hot-off-the-streets book, Scape Martinez shows you how to use color to bring beauty, meaning and life to graffiti art. To shout, shock and sing. To push the boundaries of art and communicate in a way that letter structure alone cannot. By example, you'll learn how to connect your own color choices in a meaningful way, making your art both deeply personal and highly effective. Check out Scape's improvisational creative process as he creates 12 works (his "personal cave paintings") on concrete and canvas, step by step, from concept to completion. Instruction and exercises help you choose the colors that work for you and your artwork, find your distinct voice, and keep it real. Dig into Scape's bag of tricks for creating a site-specific piece, mixing conventional can techniques with traditional acrylic painting skills, exploring transparent letters and letter abstraction, working with monochromatic color schemes, turning letters inside out, and lots more. It's time to let go of old graffiti truths, like the idea of mandatory black outline and static fill-ins. The new aesthetic urges you to take creative risks. Combine expressive letter styles with wild and intense color schemes that transform, roll and change throughout your piece. Improvise on the spot. Drive it to the next level!

**Alphabeatz Woshe 2019-08-20** Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

**Why Write When You Can Tag Graffiti Diplomacy 2017-05** This book picks up where

our first book "Learn To Draw a Graffiti Masterpiece" left off. It approaches graffiti tagging as an art form, similar to Calligraphy. It is not a book about illegal tagging by any means. We love graffiti in all its unique forms and seek to share that passion with everyone. If you want to learn how to draw tag letters with clarity and without confusion this is the book for you. This book demonstrates beginner's tag styles and advanced handstyles in an easy-to-follow format with hundreds of step-by-step illustrations and supporting text. Great for both students and teachers, this book will teach you how to turn basic hand lettering into a professional graffiti tag! Have your tag printed on coffee mugs, note cards or t-shirts. Now you can design your own graffiti tags from start to finish. Why write when you can tag! Second Edition.

The Mammoth Book of Street Art JAKE 2012-04-19 Informed by his love of hip hop and graffiti, editor JAKE has compiled a fresh, diverse collection drawn from Rio, Berlin, London, Philadelphia and other street art hotspots. The emphasis is on humour and the artworks venture beyond graffiti to 'installations' such as RONZO's Credit Crunch Monster, cemented in the centre of London's financial district. JAKE brings an insider's awareness of context to this collection which comprises both photographs from his personal archives and a selection of the world's best street art from the artists themselves.

How to Draw Cool Stuff Catherine Holmes 2017-06 "How to Draw Cool Stuff: Basics, Shading, Texture, Pattern and Optical Illusions" is the second book in the How to Draw Cool Stuff series. Inside you will find simple illustrations that cover the necessities of drawing cool stuff. Specific exercises are provided that offer step-by-step guidelines for drawing a variety of subjects. Each lesson starts with an easy-to-draw shape that will become the basic structure of the drawing. From there, each step adds elements to that structure, allowing the artist to build on their creation and make a more detailed image. Starting with the basic forms, the artist is provided a guide to help see objects in terms of simplified shapes. Instructions for shading to add depth, contrast, character and movement to a drawing are then covered. The varieties of texture and pattern that can be included in an artwork offer another layer of interest and depth to a design. These elements are necessary to indicate the way something looks like it feels in a work (texture) or creating the repetition of shapes, lines or colors (patterns). Illustrated optical illusions involve images that are sensed and perceived to be different from what they really are, showing examples of how the mind and the eyes can play tricks on each other. All you need is a piece of paper, a pencil and an eraser and you are ready to draw cool stuff. Once the drawing is complete, it can be colored, shaded or designed in any way you like to make it original. Following these exercises is a great way to practice your craft and begin seeing things in terms of simple shapes within a complex object.

Street Fonts Claudia Walde 2018-01-18 Classic graffiti lettering and experimental typographical forms lie at the heart of street culture and have long inspired designers in many different fields. But graffiti artists, who tend to paint the same letters of their tag again and again, rarely design complete alphabets. Claudia Walde has spent over two years collecting alphabets by 154 artists from 30 countries with a view to showing the many different styles and approaches to lettering within the graffiti and street art cultures. All of the artists have roots in graffiti. Some are world renowned such as 123 Klan (Canada), Faith47 (South Africa) and Hera (Germany); others are lesser known or

only now starting to emerge. Each artist received the same brief: to design all 26 letters of the Latin alphabet within the limits of a single page of the book. How they approached this task and selected the media with which to express their ideas was entirely up to them. The results are a fascinating insight into the creative process.

**How to Draw Graffiti Style** Kevin Fitzpatrick 2011-04-01 The books in the How to Draw series are especially designed for artists of all levels, beginner to advanced, who are looking to hone their skills in a specific style of artwork. The books are 6.5in x 8in, hardcover with an internal spiral binding so they lay open flat as readers follow the steps on their own canvas or paper. The books are beautifully illustrated and contain hundreds of colorful pieces of artwork, photographs, and helpful diagrams. Step-by-step instructions help guide artists through the learning process. **How to Draw Graffiti Style** will not only teach you about how graffiti art is made, but will also take you through how the whole culture of graffiti art evolved, and how it remains vibrant and changing today. The graffiti scene has many codes, rules, and classic styles, passed down through generations of graffiti artists. Discover how letters have evolved from the early tag through to the bubble letter, and what we see today. Explore the possibilities with 3D graffiti, using shadow and depth to bring your work off the page, wall, or even the canvas. All aspects of modern-day graffiti art (including the popular stencil art) are explained in depth. Everyone loves to draw, and graffiti is gaining momentum as a recognizable genre of art. Whether you want to graffiti on paper, on canvas, or on permitted walls, this is the book for you. Complete with easy to follow step by step instructions and expert hints and tips, you'll be an urban art aficionado in no time.

**Graffiti School** Chris Ganter 2013 Describes how to create graffiti, covering such topics as designing letters, using effects, and handling spray cans, and includes a teacher's manual that offers advice on planning lessons on the art's theories and practices.

**Take Off Your Hat and Spit Out Your Gum** Melinda Ehrlich 2012-06-01 From the moment she stepped into a classroom as a teacher, Melinda Ehrlich was destined to write this book. With her trusty notepad at her side, she documented her experiences - from her students' zany antics to the bureaucratic directives that were issued. Her journals, filled with stories and anecdotes, have shaped this extraordinary memoir, painting a vivid picture of her life as a New York City English teacher. Ehrlich's positive approach and fiery spirit enabled her to thrive within the largest public school system in America. You will meet the vocational high school girls who couldn't open their notebooks until their hair and nails dried, the wannabe mobster who greeted Ms. Ehrlich with "Hi ya doll!" in the hallways, and the forger who insisted he and his mother shared identical signatures. But it wasn't all sunshine and daisies. She had her share of intense encounters with troubled students that tested the boundaries not only of education but of human perseverance and understanding. All of these and more make up the students she "couldn't erase." A lightning bolt of inspiration, **Take Off Your Hat and Spit Out Your Gum** is a must-read for the over three million teachers in the U.S. today. This is the remarkably entertaining story of a teacher who rode the rollercoaster for over 30 years and exited clicking her heels, still believing there's no place like school.

**Principals of Inclusion** Darrin Griffiths 2013-05 Dr. Griffiths' **Principals of Inclusion** is both a practical, realistic blueprint and an inspiring call to action for accelerating schools/school systems in their search to optimize all students' potential (inclusion). In

an information age and an increasingly interconnected Global Village, no student's potential can afford to be wasted, especially by exclusionary educational practices/traditions (either conscious or unconscious). Dr. Griffiths writes clearly, using universal metaphors/tactics applicable to all educational situations.
