Library of Congress Catalog Library of Congress 1972 Beginning with 1953, entries for Motion pictures and filmstrips, Music and phonorecords form separate parts of the Library of Congress catalogue. Entries for Maps and atlases were issued separately 1953-1955.

Walford's Guide to Reference Material: Generalia, language & literature, the arts Albert John Walford 1993 This book has achieved international recognition as a reference tool and a "one-stop" daily information source. This new edition features many topics, and is indispensable to librarians and information professionals revising reference collections, etc.

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford 1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials. No rigid definition of reference is applied. In addition to the expected bibliographies, indexes, dictionaries, encyclopaedias, and directories, a number of important textbooks and manuals of general practice are included. While the majority of the

items are books, Walford is a guide to reference material. Thus periodical articles, microforms, online and CD-ROM sources are all represented. In this volume a particular effort has been made to improve coverage of the latter two categories.

La lessicografia bilingue tra presente e avvenire Elena Ferrario 2002

Lexical collocations in bilingual dictionaries Barbara Berti 2018-10-23T00:00:00+02:00 Elusive yet intuitive at the same time, the concept of collocation has attracted the attention of different branches of linguistics for many a year, owing to the proven pervasiveness of such combinations in languages. Although a universally accepted definition of collocation has not been reached as each attempted description is inextricably related to the linguist's standpoint, the development of a series of very workable ideas on the nature of these combinations has led to the production of worthy linguistic commodities. While English lexicography has kept pace with the development in lexicology and corpus linguistics, Italian lexicography has only recently started to look in that direction. The author investigates the treatment of lexical collocations in the major bilingual English-Italian dictionaries, looking closely at the lexicographers' choices while keeping the end users and their heuristics in mind.

Where Theory and Practice Meet Laurence Wong 2016-08-17 Where Theory and Practice Meet is a collection of nineteen papers in translation studies. Unlike many similar books published in recent decades, which are mostly non-translation-oriented, veering to issues with little or no relevance to translation, this book focuses on the translation process, on theory formulation with reference to actual translation, on getting to grips with translation problems, and on

explaining translation in language which can be understood by the general reader. Perceptive and wide-ranging, the book covers language pairs that include Chinese, English, French, German, Italian, Spanish, Latin, and Classical Greek, and discusses, among other things, translations of Dante's *La Divina Commedia*; translations of Shakespeare's *Hamlet*; Goethe's "Prometheus" as a case of untranslatability; the challenge of translating Garcilaso de la Vega's "Primera Égloga" into Chinese; John Minford's translation of martial arts fiction; and Lin Shu's translation of Alexandre Dumas's *La Dame aux camélias*.

The Research-Practice Interface in English for Specific Purposes Ersilia Incelli 2022-10-21 This book reflects the state-of-the-art in English for Specific Purposes (ESP) research, drawing on both top-down and bottom-up practices and methodological itineraries. In order to fill some of the gaps in the current literature, it provides well-grounded and thorough investigations into discursive practices in academic, workplace and intercultural settings, throwing light on the specific varieties of language used to achieve professional targets. Teachers have to act as an interface between theory and praxis, bridging the gap between the classroom and the workplace to create a dynamic virtuous circle. The multi-perspective and multi-method frameworks presented in this volume range from quantitative corpus-based techniques integrated with discourse analysis to analyses of what occurs in the classroom informed by English language teaching (ELT) educational theories and notions regarding language acquisition, motivation, learning styles and instructional contexts. Both top-down and bottom-up approaches to the theory-practice dyad provide the opportunity to obtain a closer view of the subject from both ends of the spectrum and can prompt fresh initiatives by all those working within the domain of ESP. This book, therefore, offers a cutting-edge account of some of the latest avenues in research and practice which will be of interest to scholars and university teachers of ESP, as well as scholars in the field of applied linguistics.

The Travels and Adventures of Serendipity Robert K. Merton 2011-11-28 From the names of cruise lines and bookstores to an Australian ranch and a nudist camp outside of Atlanta, the word serendipity--that happy blend of wisdom and luck by which something is discovered not quite by accident--is today ubiquitous. This book traces the word's eventful history from its 1754 coinage into the twentieth century--chronicling along the way much of what we now call the natural and

7,166 entries). While the majority of items are reference books, Walford is a guide to reference material and therefore includes periodical articles, microforms, online, and CD-ROM sources. A special effort has been made to make sure the output of small and specialist presses is not neglected. Annotation copyrighted by Book News, Inc., Portland, OR RILA 2003

L'italiano e i giovani. Come scusa? Non ti followo Alessandra Nesi 2022-10-07 L'Accademia della Crusca, in occasione della Settimana della Lingua Italiana nel Mondo (SLIM), realizza un volume in collaborazione con il Ministero degli Affari Esteri e della Cooperazione Internazionale. In linea con la proclamazione, da parte della Comunità Europea, del 2022 Anno Europeo dei Giovani, la XXII edizione della SLIM è dedicata a L'italiano e i giovani. Con lo stesso titolo esce questa raccolta di saggi che, da angolature diverse, affronta sia il linguaggio dei giovani, sia la lingua per i giovani. Linguisti già noti per i loro studi sul linguaggio giovanile, sulla lingua e la letteratura italiana, e giovani studiosi, immersi per motivi anche anagrafici nella contemporaneità degli usi linguistici, hanno contribuito a rendere il volume variegato, facendo il punto sul linguaggio giovanile e fornendo spunti e strumenti per l'insegnamento dell'italiano.

The dictionary and the language learner Anthony P. Cowie 2015-11-13 Lexicographica. Series Maior features monographs and edited volumes on the topics of lexicography and meta-lexicography. Works from the broader domain of lexicology are also included, provided they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The almost 150 books published in the series since its founding in 1984 clearly reflect the main themes and developments of the field. The publications focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline, and application-oriented lexicographical documentation.

Quaderni Di Semantica 1992

ANNO 2022 LA CULTURA ED I MEDIA SECONDA PARTE ANTONIO GIANGRANDE Antonio Giangrande, orgoglioso di essere diverso. ODIÒ OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca

diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Thus Burst Hippocrene Laurence Wong 2019-01-17 Thus Burst Hippocrene: *Studies in the Olympian Imagination* is a collection of nine papers in comparative literature. Discussing the greatest Olympians in world literature, including Homer, Aeschylus, Sophocles, Euripides, Dante, Shakespeare, Milton, Li Bo, Du Fu, and the Bible authors, it is both daring in conception and wide-ranging in scope. Freely drawing on the author's knowledge of Classical Greek, Latin, Italian, French, German, Spanish, English, and Chinese as well as on his conversance with the literatures of these languages, the papers are truly comparative, making discoveries unique to the author's characteristic multi-lingual, multi-cultural approach. In going through the book, the reader will be pleasantly surprised by its originality, by its amazing depth and breadth, and by the new light it sheds on topics that are of interest to scholars and students of comparative literature. Written in lucid language with no pretentious jargon, it will also appeal to the general reader who picks up a book simply for the joy of reading or for horizon-broadening without tears.

Walford's Concise Guide to Reference Material Albert John Walford 1992 This is a shortened version of the three volume *Walford's Guide to Reference Material*, 5th edition: Volume 1, Science and Technology (1989), Volume 2, Social and historical sciences, philosophy and religion (1990), and Volume 3, Generalia, language and literature, the arts (1991). There are more than 3,000 entries, forming an updated compilation of what are considered to be the basic items in the main volumes, plus some more recent material up to April 1992.
