

MY UNDERCOVER YEARS WITH THE KU KLUX KLAN

Thank you completely much for downloading MY UNDERCOVER YEARS WITH THE KU KLUX KLAN. Most likely you have knowledge that, people have look numerous period for their favorite books as soon as this MY UNDERCOVER YEARS WITH THE KU KLUX KLAN, but stop happening in harmful downloads.

Rather than enjoying a fine PDF in imitation of a mug of coffee in the afternoon, otherwise they juggled behind some harmful virus inside their computer. MY UNDERCOVER YEARS WITH THE KU KLUX KLAN is genial in our digital library an online entry to it is set as public correspondingly you can download it instantly. Our digital library saves in multipart countries, allowing you to acquire the most less latency times to download any of our books taking into consideration this one. Merely said, the MY UNDERCOVER YEARS WITH THE KU KLUX KLAN is universally compatible when any devices to read.

Backfire David Mark Chalmers 2003 Examines how Klan violence actually aided civil rights efforts in the 1960s, and discusses the white supremacist Right of the twenty-first century.

Confronting Right Wing Extremism and Terrorism in the USA George Michael 2003-09-02 This book examines the response to right-wing extremism in the US from both the government and non-governmental organisations. It provides a detailed portrait of the contemporary extreme right in the US including interviews with several of the movement's leading figures from groups such as the Ku Klux Klan, Militias, American Renaissance and the White Aryan Resistance. The author also explains how the activities of these racist groups have been curbed due to the campaigning efforts of anti-racist and anti-fascist watchdogs who have helped to shape and influence government policy.

Voices of Freedom Henry Hampton 2011-08-03 "A vast choral pageant that recounts the momentous work of the civil rights struggle."—The New York Times Book Review A monumental volume drawing upon nearly one thousand interviews with civil rights activists, politicians, reporters, Justice Department officials, and others, weaving a fascinating narrative of the civil rights movement told by the people who lived it Join brave and terrified youngsters walking through a jeering mob and up the steps of Central High School in Little Rock. Listen to the vivid voices of the ordinary people who manned the barricades, the laborers, the students, the housewives without whom there would have been no civil rights movements at all. In this remarkable oral history, Henry Hampton, creator and executive producer of the acclaimed PBS series *Eyes on the Prize*, and Steve Fayer, series writer, bring to life the country's great struggle for civil rights as no conventional narrative can. You will hear the voices of those who defied the blackjacks, who went to jail, who witnessed and policed the movement; of those who stood for and against it—voices from the heart of America. Carry Me Home Diane McWhorter 2001-06-29 Now with a new afterword, the Pulitzer Prize-winning dramatic account of the civil rights era's climactic battle in Birmingham as the movement, led by Martin Luther King, Jr., brought down the institutions of segregation. "The Year of Birmingham," 1963, was a cataclysmic turning point in America's long civil rights struggle. Child demonstrators faced down police dogs and fire hoses in huge nonviolent marches against segregation. Ku Klux Klansmen retaliated by bombing the Sixteenth Street Baptist Church, killing four young black girls. Diane McWhorter, daughter of a prominent Birmingham family, weaves together police and FBI records, archival documents, interviews with black activists and Klansmen, and personal memories into an extraordinary narrative of the personalities and events that brought about America's second emancipation. In a new afterword—reporting last encounters with hero Reverend Fred Shuttlesworth and describing the current drastic anti-immigration laws in Alabama—the author demonstrates that Alabama remains a civil rights crucible.

The Civil Rights Movement in American Memory Renee Christine Romano 2006 The movement for civil rights in America peaked in the 1950s and 1960s; however, a closely related struggle, this time over the movement's legacy, has been heatedly engaged over the past two decades. How the civil rights movement is currently being remembered in American politics and culture—and why it matters—is the common theme of the thirteen essays in this unprecedented collection. Memories of the movement are being created and maintained—in ways and for purposes we sometimes only vaguely perceive—through memorials, art exhibits, community celebrations, and even street names. At least fifteen civil rights movement museums have opened since 1990; Mississippi Burning, Four Little Girls, and The Long Walk Home only begin to suggest the range of film and television dramatizations of pivotal events; corporations increasingly employ movement images to sell fast food, telephones, and more; and groups from Christian conservatives to gay rights activists have claimed the civil rights mantle. Contests over the movement's meaning are a crucial part of the continuing fight against racism and inequality. These writings look at how civil rights memories become established as fact through museum exhibits, street naming, and courtroom decisions; how our visual culture transmits the memory of the movement; how certain aspects of the movement have come to be ignored in its "official" narrative; and how other political struggles have appropriated the memory of the movement. Here is a book for anyone interested in how we collectively recall, claim, understand, and represent the past.

The Great South Carolina Ku Klux Klan Trials, 1871-1872 Lou Falkner Williams 2004 It is remarkable that the most serious intervention by the federal government to protect the rights of its new African American citizens during Reconstruction (and well beyond) has not, until now, received systematic scholarly study. In *The Great South Carolina Ku Klux Klan Trials*, Lou Falkner Williams presents a comprehensive account of the events following the Klan uprising in the South Carolina piedmont in the Reconstruction era. It is a gripping story—one that helps us better understand the limits of constitutional change in post-Civil War America and the failure of Reconstruction. The South Carolina Klan trials represent the culmination of the federal government's most substantial effort during Reconstruction to stop white violence and provide personal security for African Americans. Federal interventions, suspension of habeas corpus in nine counties, widespread undercover investigations, and highly publicized trials resulting in the conviction of several Klansmen are all detailed in Williams's study. When the trials began, the Supreme Court had yet to interpret the Fourteenth Amendment and the Enforcement Acts. Thus the fourth federal circuit court became a forum for constitutional experimentation as the prosecution and defense squared off to present their opposing views. The fate of the individual Klansmen was almost incidental to the larger constitutional issues in these celebrated trials. It was the federal judge's devotion to

state-centered federalism--not a lack of concern for the Klan's victims--that kept them from embracing constitutional doctrine that would have fundamentally altered the nature of the Union. Placing the Klan trials in the context of postemancipation race relations, Williams shows that the Klan's campaign of terror in the upcountry reflected white determination to preserve prewar racial and social standards. Her analysis of Klan violence against women breaks new ground, revealing that white women were attacked to preserve traditional southern sexual mores, while crimes against black women were designed primarily to demonstrate white male supremacy. Well-written, cogently argued, and clearly presented, this comprehensive account of the Klan uprising in the South Carolina piedmont in the late 1860s and early 1870s makes a significant contribution to the history of Reconstruction and race relations in the United States.

Perspectives on the American South Merle Black 2021-11-11 First Published in 1981. In Perspectives on the American South we hope to gather, yearly, essays that deal with the society, politics, and culture of the region. This first book in the series contains 27 articles, representing the work of some 30 scholars, and including the disciplines of history, sociology, anthropology, political science, and geography. The papers have been organized around four broad topics: violence in the region, southern politics, comparative studies of the region, and the South's ethnic and cultural groups.

FBI statutory charter United States. Congress. Senate. Committee on the Judiciary 1978

Television Series and Specials Scripts, 1946-1992 2009-07-08 In the early days of television, many of its actors, writers, producers and directors came from radio. This crossover endowed the American Radio Archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s.

They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an index of personal names, program and episode titles and production companies, as well as a glossary of industry terms.

The Complete Index to Literary Sources in Film Alan Goble 1999-01-01

The Politics of Injustice David Niven 2003 "Niven explores how the Freedom Rides set a pattern for JFK's reaction to the civil rights movement, and how the president tried to make a half-hearted stand for civil rights while shoring up his support among segregationist white southern Democrats.

Federal Law and Southern Order Michal R. Belknap 1995 Federal Law and Southern Order, first published in 1987, examines the factors behind the federal government's long delay in responding to racial violence during the 1950s and 1960s. The book also reveals that it was apprehension of a militant minority of white racists that ultimately spurred acquiescent state and local officials in the South to protect blacks and others involved in civil rights activities. By tracing patterns of violent racial crimes and probing the federal government's persistent failure to punish those who committed the crimes, Michal R. Belknap tells how and why judges, presidents, members of Congress, and even Justice Department and Federal Bureau of Investigation officials accepted the South's insistence that federalism precluded any national interference in southern law enforcement. Lulled into complacency by the soothing rationalization of federalism, Washington for too long remained a bystander while the Ku Klux Klan and others used violence to sabotage the civil rights movement, Belknap demonstrates. In the foreword to this paperback edition, Belknap examines how other scholars, in works published after Federal Law and Southern Order, have treated issues related to federal efforts to curb racial violence. He also explores how incidents of racial violence since the 1960s have been addressed by the state legal systems of the South and discusses the significance for the contemporary South of congressional legislation enacted during the 1960s to suppress racially motivated murders, beatings, and intimidation.

The Klan Patsy Sims 1996-12-12 Traces the recent history of the Ku Klux Klan, looks at the viewpoints of individual men and women active in the Klan, and describes the reasons for the Klan's decline

The Road South B. J. Hollars 2018-05 Revisits the inspiring and heroic stories of the Freedom Riders, through their own words. In May 1961, despite multiple Supreme Court rulings, segregation remained alive and well within the system of interstate travel. All across the American South, interstate buses as well as their travel facilities were divided racially. This blatant disregard for law and morality spurred the Congress of Racial Equality to send thirteen individuals—seven black, six white—on a harrowing bus trip throughout the South as a sign of protest. These original riders were met with disapproval, arrests and violence along the way, but that did not stop the movement. That summer, more than four hundred Freedom Riders continued their journey—many of them concluding their ride at Mississippi's notorious Parchman Farm, where they endured further abuses and indignities. As a result of the riders sacrifice, by November of 1961, the Interstate Commerce Commission finally put an end to interstate commerce segregation, and in the process, elevated the riders to become a source of inspiration for other civil rights campaigns such as voter registration rights and school desegregation. While much has been written on the Freedom Rides, far less has been published about the individual riders. Join award-winning author B. J. Hollars as he sets out on his own journey to meet them, retracing the historic route and learning the stories of as many surviving riders as he could. The Road South: Personal Stories of the Freedom Riders offers an intimate look into the lives and legacies of the riders. Throughout the book these civil rights veterans' poignant, personal stories offer timely insights into America's racial past and hopeful future. Weaving the past with the present, Hollars aims to demystify the legendary journey, while also confronting more modern concerns related to race in America. The Road South is part memoir and part research-based journalism. It transcends the traditional textbook version of this historical journey to highlight the fascinating stories of the many riders—both black and white—who risked their lives to move the country forward.

Black Klansman Ron Stallworth 2018-06-05 The #1 New York Times Bestseller! The extraordinary true story and basis for the Academy Award winning film BlacKkKlansman, written and directed by Spike Lee, produced by Jordan Peele, and starring John David Washington and Adam Driver. When detective Ron Stallworth, the first black detective in the history of the Colorado Springs Police Department, comes across a classified ad in the local paper asking for all those interested in joining the Ku Klux Klan to contact a P.O. box, Detective Stallworth does his job and responds with interest, using his real name while posing as a white man. He figures he'll receive a few brochures in the mail, maybe even a magazine, and learn more about a growing terrorist threat in his community. A few weeks later the office phone rings, and the caller asks Ron a question he thought he'd never have to answer, "Would you like to join our cause?" This is 1978, and the KKK is on the rise in the United States. Its Grand Wizard, David Duke, has made a name for himself, appearing on talk shows, and major magazine interviews preaching a "kinder" Klan that wants nothing more than to preserve a heritage, and to restore a nation to its former glory. Ron answers the caller's question that night with a yes, launching what is surely one of the most audacious, and incredible undercover investigations in history. Ron recruits his partner Chuck to play the "white" Ron Stallworth, while Stallworth himself conducts all subsequent phone conversations. During the months-long investigation, Stallworth sabotages cross burnings, exposes white supremacists in the military, and even befriends David Duke

himself. *Black Klansman* is an amazing true story that reads like a crime thriller, and a searing portrait of a divided America and the extraordinary heroes who dare to fight back.

My Undercover Years with the Ku Klux Klan Gary Thomas Rowe 1976

Freedom Walk Mary Stanton 2011-03-04 In 1963, the streams of religious revival, racial strife, and cold-war politics were feeding the swelling river of social unrest in America. Marshaling massive forces, civil rights leaders were primed for a widescale attack on injustice in the South. By summer the conflict rose to great intensity as blacks and whites clashed in Birmingham. Outside the massive drive, Bill Moore, a white mail carrier, had made his own assault a few months earlier. Jeered and assailed as he made a solitary civil rights march along the Deep South highways, he was ridiculed by racists as a "crazy man." His well publicized purpose: to walk from Chattanooga to Jackson and hand-deliver a plea for racial tolerance to Ross Barnett, the staunchly segregationist governor of Mississippi. On April 23, on a highway near Attalla, Alabama, this lone crusader was shot dead. Although he was not a nobly ideal figure handpicked by shapers of the movement, inadvertently he became one of its earliest martyrs and, until now, part of an overlooked chapter in the history of the civil rights movement. Floyd Simpson, a grocer and a member of the Gadsden, Alabama chapter of the Ku Klux Klan, was charged with Moore's murder. A week later, a white college student named Sam Shirah led five black and five white volunteers into Alabama to finish Moore's walk. They were beaten and jailed. Four other attempts to complete the postman's quest were similarly stymied. Moore had kept a journal that detailed his goal. Using it, along with interviews and extensive newspaper and newsreel reports, Mary Stanton has documented this phenomenal freedom walk as seen through the eyes of Moore, Shirah, and the gunman, the three protagonists. Though all shared a deep love of the South, their strong feelings about who was entitled to walk its highways were in deadly conflict.

Opening the Doors B. J. Hollars 2013-03-14 *Opening the Doors* is a wide-ranging account of the University of Alabama's 1956 and 1963 desegregation attempts, as well as the little-known story of Tuscaloosa, Alabama's, own civil rights movement. Whereas E. Culpepper Clark's *The Schoolhouse Door* remains the standard history of the University of Alabama's desegregation, in *Opening the Doors* B. J. Hollars focuses on Tuscaloosa's purposeful divide between "town" and "gown," providing a new contextual framework for this landmark period in civil rights history. The image of George Wallace's stand in the schoolhouse door has long burned in American consciousness; however, just as interesting are the circumstances that led him there in the first place, a process that proved successful due to the concerted efforts of dedicated student leaders, a progressive university president, a steadfast administration, and secret negotiations between the U.S. Justice Department, the White House, and Alabama's stubborn governor. In the months directly following Governor Wallace's infamous stand, Tuscaloosa became home to a leader of a very different kind: twenty-eight-year-old African American reverend T. Y. Rogers, an up-and-comer in the civil rights movement, as well as the protégé of Martin Luther King Jr. After taking a post at Tuscaloosa's First African Baptist Church, Rogers began laying the groundwork for the city's own civil rights movement. In the summer of 1964, the struggle for equality in Tuscaloosa resulted in the integration of the city's public facilities, a march on the county courthouse, a bloody battle between police and protesters, confrontations with the Grand Wizard of the Ku Klux Klan, a bus boycott, and the near-accidental-lynching of movie star Jack Palance. Relying heavily on new firsthand accounts and personal interviews, newspapers, previously classified documents, and archival research, Hollars's in-depth reporting reveals the courage and conviction of a town, its university, and the people who call it home.

The Ku Klux Klan Sara Bullard 1998-06

Freedom's Detective Charles Lane 2019-04-09 "This is a powerful, vitally important story, and Lane brings it to life with not only vast amounts of research but with a remarkable gift for storytelling that makes the pages fly by." —Candice Millard, author of *The River of Doubt* and *Hero of the Empire* *Freedom's Detective* reveals the untold story of the Reconstruction-era United States Secret Service and their battle against the Ku Klux Klan, through the career of its controversial chief, Hiram C. Whitley. In the years following the Civil War, a new battle began. Newly freed African American men had gained their voting rights and would soon have a chance to transform Southern politics. Former Confederates and other white supremacists mobilized to stop them. Thus, the KKK was born. After the first political assassination carried out by the Klan, Washington power brokers looked for help in breaking the growing movement. They found it in Hiram C. Whitley. He became head of the Secret Service, which had previously focused on catching counterfeiters and was at the time the government's only intelligence organization. Whitley and his agents led the covert war against the nascent KKK and were the first to use undercover work in mass crime—what we now call terrorism—investigations. Like many spymasters before and since, Whitley also had a dark side. His penchant for skulduggery and dirty tricks ultimately led to his involvement in a conspiracy that would bring an end to his career and transform the Secret Service. Populated by intriguing historical characters—from President Grant to brave Southerners, both black and white, who stood up to the Klan—and told in a brisk narrative style, *Freedom's Detective* reveals the story of this complex hero and his central role in a long-lost chapter of American history.

Freedom Riders Raymond Arsenault 2011-03-11 The saga of the Freedom Rides is an improbable, almost unbelievable story. In the course of six months in 1961, four hundred and fifty Freedom Riders expanded the realm of the possible in American politics, redefining the limits of dissent and setting the stage for the civil rights movement. In this new version of his encyclopedic *Freedom Riders*, Raymond Arsenault offers a significantly condensed and tautly written account. With characters and plot lines rivaling those of the most imaginative fiction, this is a tale of heroic sacrifice and unexpected triumph. Arsenault recounts how a group of volunteers--blacks and whites--came together to travel from Washington DC through the Deep South, defying Jim Crow laws in buses and terminals and putting their lives on the line for racial justice. News photographers captured the violence in Montgomery, shocking the nation and sparking a crisis in the Kennedy administration. Here are the key players--their fears and courage, their determination and second thoughts, and the agonizing choices they faced as they took on Jim Crow--and triumphed. Winner of the Owsley Prize Publication is timed to coincide with the airing of the American Experience miniseries documenting the Freedom Rides "Arsenault brings vividly to life a defining moment in modern American history." --Eric Foner, *The New York Times Book Review* "Authoritative, compelling history." --William Grimes, *The New York Times* "For those interested in understanding 20th-century America, this is an essential book." --Roger Wilkins, *Washington Post Book World* "Arsenault's record of strategy sessions, church vigils, bloody assaults, mass arrests, political maneuverings and personal anguish captures the mood and the turmoil, the excitement and the confusion of the movement and the time." --Michael Kenney, *The Boston Globe*

The Politics of Rage Dan T. Carter 2000-02-01 Combining biography with regional and national history, Dan T. Carter chronicles the dramatic rise and fall of George Wallace, a populist who abandoned his ideals to become a national symbol of racism, and later

begged for forgiveness. In *The Politics of Rage*, Carter argues persuasively that the four-time Alabama governor and four-time presidential candidate helped to establish the conservative political movement that put Ronald Reagan in the White House in 1980 and gave Newt Gingrich and the Republicans control of Congress in 1994. In this second edition, Carter updates Wallace's story with a look at the politician's death and the nation's reaction to it and gives a summary of his own sense of the legacy of "the most important loser in twentieth-century American politics."

Freedom's Main Line Derek Charles Catsam 2009-01-23 Black Americans in the Jim Crow South could not escape the grim reality of racial segregation, whether enforced by law or by custom. In *Freedom's Main Line: The Journey of Reconciliation and the Freedom Rides*, author Derek Charles Catsam shows that courtrooms, classrooms, and cemeteries were not the only front lines in African Americans' prolonged struggle for basic civil rights. Buses, trains, and other modes of public transportation provided the perfect means for civil rights activists to protest the second-class citizenship of African Americans, bringing the reality of the violence of segregation into the consciousness of America and the world. In 1947, nearly a decade before the Supreme Court voided school segregation in *Brown v. Board of Education*, sixteen black and white activists embarked on a four-state bus tour, called the Journey of Reconciliation, to challenge discrimination in busing and other forms of public transportation. Although the Journey drew little national attention, it set the stage for the more timely and influential 1961 Freedom Rides. After the Supreme Court's 1960 ruling in *Boynton v. Virginia* that segregated public transportation violated the Interstate Commerce Act, the Congress of Racial Equality (CORE) and other civil rights groups organized the Freedom Rides to test the enforcement of the ruling in buses and bus terminals across the South. Their goal was simple: "to make bus desegregation," as a CORE press release put it, "a reality instead of merely an approved legal doctrine." *Freedom's Main Line* argues that the Freedom Rides, a turning point in the Civil Rights Movement, were a logical, natural evolution of such earlier efforts as the Journey of Reconciliation, their organizers following models provided by previous challenges to segregation and relying on the principles of nonviolence so common in the larger movement. The impact of the Freedom Rides, however, was unprecedented, fixing the issue of civil rights in the national consciousness. Later activists were often dubbed Freedom Riders even if they never set foot on a bus. With challenges to segregated transportation as his point of departure, Catsam chronicles black Americans' long journey toward increased civil rights. *Freedom's Main Line* tells the story of bold incursions into the heart of institutional discrimination, journeys undertaken by heroic individuals who forced racial injustice into the national and international spotlight and helped pave the way for the landmark Civil Rights Act of 1964.

My Undercover Years with the Ku Klux Klan Gary Thomas Rowe 1976

Until Justice Rolls Down Frank Sikora 2005-10-23 It was a time when Martin Luther King Jr. and other leaders rallied black youth and adults to march for their civil rights, a time when the Ku Klux Klan was active in cities and throughout the countryside of the Deep South, employing 19th-century tactics to intimidate blacks to stay "in their place." It was also the year that the worst act of terrorism in the entire civil rights movement occurred just as Birmingham, Alabama, was coming under close national scrutiny. This book tells the story of one grim Sunday in September 1963 when an intentionally planted cache of dynamite ripped through the walls of the Sixteenth Street Baptist Church and ended the dreams and the lives of four young black girls. Their deaths spurred the Kennedy administration to send an army of FBI agents to Alabama and led directly to the passage of the Civil Rights Act. When the Justice Department was unable to bring anyone to trial for this heinous crime, a young Alabama attorney general named Bill Baxley began his own investigation to find the perpetrators. In 1977, 14 years after the bombing, Baxley brought one Klansman to trial and, in a courtroom only blocks from the bombed church (now a memorial to the victims), persuaded a jury to return a guilty verdict. More than 20 years later two other perpetrators were tried for the bombing, found guilty, and remanded to prison. Frank Sikora has used the court records, FBI reports, oral interviews, and newspaper accounts to weave a story of spellbinding proportions. A reporter by profession, Sikora tells this story compellingly, explaining why the civil rights movement had to be successful and how Birmingham had to change.

Encyclopedia of Film Themes, Settings and Series Richard B. Armstrong 2015-07-11 The first edition was called "the most valuable film reference in several years" by *Library Journal*. The new edition published in hardcover in 2001 includes more than 670 entries. The current work is a paperback reprint of that edition. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists and the Olympics ("Excellent" said *Cult Movies*). The volume also contains an extensive list of film characters and series, including B-movie detectives, Western heroes, made-for-television film series, and foreign film heroes and villains.

The FBI and the KKK Michael Newton 2015-09-15 The Federal Bureau of Investigation and the Ku Klux Klan share a long and complicated history. Beginning with their first confrontation in 1922, this book examines the similarities, covert collaborations and common goals of the FBI and the KKK. After briefly describing the history of each, it explores the development of their association and the specific ways in which each organization furthered the other's goals. The book traces eighty years of parallel development and the conservative attitudes that, astonishingly, drew the FBI and the KKK together.

Stewards of History: A Study of the Nature of a Moral Deed

The Informant Gary May 2005-05-11 An FBI's informant's role in the murder of a civil rights activist by the KKK is explored in this "suspenseful and vigorously reported" history (*Baltimore Sun*). In 1965, Detroit housewife Viola Liuzzo drove to Alabama to help organize Martin Luther King's Voting Rights March from Selma, Alabama, to Montgomery. But after the march's historic success, Liuzzo was shot to death by members of the Birmingham Ku Klux Klan. The case drew national attention and was solved almost instantly, because one of the Klansmen present during the shooting was Gary Thomas Rowe, an undercover FBI informant. At the time, Rowe's information and testimony were heralded as a triumph of law enforcement. But as Gary May reveals in this provocative book, Rowe's history of collaboration with both the Klan and the FBI was far more complex. Based on previously unexamined FBI and Justice Department Records, *The Informant* demonstrates that in their ongoing efforts to protect Rowe's cover, the FBI knowingly became an accessory to some of the most grotesque crimes of the Civil Rights era—including a vicious attack on the Freedom Riders and perhaps even the bombing of the Sixteenth Street Baptist Church. A tale of a renegade informant and a tragically dysfunctional intelligence system, *The Informant* offers a dramatic cautionary tale about what can happen when secret police power goes unchecked.

But for Birmingham Glenn T. Eskew 2000-11-09 Birmingham served as the stage for some of the most dramatic and important moments in the history of the civil rights struggle. In this vivid narrative account, Glenn Eskew traces the evolution of nonviolent

protest in the city, focusing particularly on the sometimes problematic intersection of the local and national movements. Eskew describes the changing face of Birmingham's civil rights campaign, from the politics of accommodation practiced by the city's black bourgeoisie in the 1950s to local pastor Fred L. Shuttlesworth's groundbreaking use of nonviolent direct action to challenge segregation during the late 1950s and early 1960s. In 1963, the national movement, in the person of Martin Luther King Jr., turned to Birmingham. The national uproar that followed on Police Commissioner Bull Connor's use of dogs and fire hoses against the demonstrators provided the impetus behind passage of the watershed Civil Rights Act of 1964. Paradoxically, though, the larger victory won in the streets of Birmingham did little for many of the city's black citizens, argues Eskew. The cancellation of protest marches before any clear-cut gains had been made left Shuttlesworth feeling betrayed even as King claimed a personal victory. While African Americans were admitted to the leadership of the city, the way power was exercised--and for whom--remained fundamentally unchanged.

White Robes and Burning Crosses Michael Newton 2016-04-14 With its fiery crosses and nightriders in pointed hoods and flowing robes, the Ku Klux Klan remains a recurring nightmare in American life. What began in the earliest post-Civil War days as a social group engaging in drunken hijinks at the expense of perceived inferiors soon turned into a murderous paramilitary organization determined to resist the "evils" of radical Reconstruction. For six generations and counting, the Klan has inflicted misery and death on countless victims nationwide and since the early 1920s, has expanded into distant corners of the globe. From the Klan's post-Civil War lynchings in support of Jim Crow laws, to its bloody stand against desegregation during the 1960s, to its continued violence in the militia movement at the turn of the 21st century, this revealing volume chronicles the complete history of the world's oldest surviving terrorist organization from 1866 to the present. The story is told without embellishment because, as this work demonstrates, the truth about the Ku Klux Klan is grim enough.

Robert Kennedy and His Times Arthur M. Schlesinger 2012-07-18 The Pulitzer Prize-winning historian chronicles the short life of the Kennedy family's second presidential hopeful. Schlesinger's account vividly recalls the forces that shaped Robert Kennedy, from his position as the third son of a powerful Irish Catholic political clan to his concern for issues of social justice in the turbulent 1960s. *Robert Kennedy and His Times* is "a picture of a deeply compassionate man hiding his vulnerability, drawn to the underdogs and the unfortunates in society by his life experiences and sufferings" (Los Angeles Times). This Fortieth Anniversary Edition contains not only Schlesinger's illuminating and inspiring portrait of Robert Kennedy, but a new introduction by Michael Beschloss, in which the acclaimed bestselling author and historian discusses the book's initial reception, Schlesinger's thoughts on it, and expounds on why Robert Kennedy is still such an important figure today. "Exceptionally important, one of a handful of books that anyone who cares for the politics of the '60s must read."—Newsweek "An absorbing and vividly written study of a gallant and tragic man."—Boston Globe "A story that leaves the reader aching for what cannot be recaptured."—Miami Herald "An inspiring account of what it was like to be at Robert Kennedy's side and why he and many like him felt that vision and virtue walked with them."—Business Week

FBI Statutory Charter: Hearing held on June 12 and 27, July 12, August 10 and 15, September 26, 1978 United States. Congress. Senate. Committee on the Judiciary 1978

Bending Toward Justice Doug Jones 2019-03-05 The story of the decades-long fight to bring justice to the victims of the 16th Street Baptist Church bombing, culminating in Sen. Doug Jones' prosecution of the last living bombers. On September 15, 1963, the 16th Street Baptist Church in Birmingham, Alabama was bombed. The blast killed four young girls and injured twenty-two others. The FBI suspected four particularly radical Ku Klux Klan members. Yet due to reluctant witnesses, a lack of physical evidence, and pervasive racial prejudice the case was closed without any indictments. But as Martin Luther King, Jr. famously expressed it, "the arc of the moral universe is long, but it bends toward justice." Years later, Alabama Attorney General William Baxley reopened the case, ultimately convicting one of the bombers in 1977. Another suspect passed away in 1994, and US Attorney Doug Jones tried and convicted the final two in 2001 and 2002, representing the correction of an outrageous miscarriage of justice nearly forty years in the making. Jones himself went on to win election as Alabama's first Democratic Senator since 1992 in a dramatic race against Republican challenger Roy Moore. *Bending Toward Justice* is a dramatic and compulsively readable account of a key moment in our long national struggle for equality, related by an author who played a major role in these events. A distinguished work of legal and personal history, the book is destined to take its place as a canonical civil rights history.

The Race Beat Gene Roberts 2008-06-17 An unprecedented examination of how news stories, editorials and photographs in the American press—and the journalists responsible for them—profoundly changed the nation's thinking about civil rights in the South during the 1950s and '60s. Roberts and Klibanoff draw on private correspondence, notes from secret meetings, unpublished articles, and interviews to show how a dedicated cadre of newsmen—black and white—revealed to a nation its most shameful shortcomings that compelled its citizens to act. Meticulously researched and vividly rendered, *The Race Beat* is an extraordinary account of one of the most calamitous periods in our nation's history, as told by those who covered it.

Hooded Americanism David J. Chalmers 2013-02-13 "The only work that treats Ku Kluxism for the entire period of its existence . . . the authoritative work on the period. Hooded Americanism is exhaustive in its rich detail and its use of primary materials to paint the picture of a century of terror. It is comprehensive, since it treats the entire period, and enjoys the perspective that the long view provides. It is timely, since it emphasizes the undeniable persistence of terrorism in American life."—John Hope Franklin

Fighting the Devil in Dixie Wayne Greenhaw 2011-01-01 Examining the growth of the Ku Klux Klan (KKK) following the birth of the civil rights movement, this book is filled with tales of the heroic efforts to halt their rise to power. Shortly after the success of the Montgomery bus boycott, the KKK—determined to keep segregation as the way of life in Alabama—staged a resurgence, and the strong-armed leadership of Governor George C. Wallace, who defied the new civil rights laws, empowered the Klan's most violent members. Although Wallace's power grew, not everyone accepted his unjust policies, and blacks such as Martin Luther King Jr., J. L. Chestnut, and Bernard LaFayette began fighting back in the courthouses and schoolhouses, as did young southern lawyers such as Charles "Chuck" Morgan, who became the ACLU's southern director; Morris Dees, who cofounded the Southern Poverty Law Center; and Bill Baxley, Alabama attorney general, who successfully prosecuted the bomber of Birmingham's 16th Street Baptist Church and legally halted some of Governor Wallace's agencies designed to slow down integration. Dozens of exciting, extremely well-told stories demonstrate how blacks defied violence and whites defied public ostracism and indifference in the face of kidnappings, bombings, and murders.

Agents of Repression Ward Churchill 2002 For those wondering how Bill Clinton could pardon white-collar fugitive Marc Rich but not Native American leader Leonard Peltier, important clues can be found in this classic study of the FBI's COINTELPRO (Counterintelligence Program). *Agents of Repression* includes an incisive historical account of the FBI siege of Wounded Knee, and

reveals the viciousness of COINTELPRO campaigns targeting the Black Liberation movement. The authors' new introduction examines the legacies of the Panthers and AIM, and shows how the FBI still presents a threat to those committed to fundamental social change. Ward Churchill is author of *From a Native Son*. Jim Vander Wall is co-author of *The COINTELPRO Papers: Documents from the FBI's Secret Wars Against Dissent in the United States*, with Ward Churchill.

When Evil Lived in Laurel: The "White Knights" and the Murder of Vernon Dahmer Curtis Wilkie 2021-06-15 One of NPR's Best Books of the Year A finalist of the for the 2022 Edgar Award for Best Fact Crime The inside story of how a courageous FBI informant helped to bring down the KKK organization responsible for a brutal civil rights–era killing. By early 1966, the work of Vernon Dahmer was well known in south Mississippi. A light-skinned Black man, he was a farmer, grocery store owner, and two-time president of the Forrest County chapter of the NAACP. He and Medgar Evers founded a youth NAACP chapter in Hattiesburg, and for years after Evers's assassination Dahmer was the chief advocate for voting rights in a county where Black registration was shamelessly suppressed. This put Dahmer in the crosshairs of the White Knights, with headquarters in nearby Laurel. Already known as one of the most violent sects of the KKK in the South, the group carried out his murder in a raid that burned down his home and store. A year before, Tom Landrum, a young, unassuming member of a family with deep Mississippi roots, joined the Klan to become an FBI informant. He penetrated the White Knights' secret circles, recording almost daily journal entries. He risked his life, and the safety of his young family, to chronicle extensively the clandestine activities of the Klan. Veteran journalist Curtis Wilkie draws on his exclusive access to Landrum's journals to re-create these events—the conversations, the incendiary nighttime meetings, the plans leading up to Dahmer's murder and its erratic execution—culminating in the conviction and imprisonment of many of those responsible for Dahmer's death. In riveting detail, *When Evil Lived in Laurel* plumbs the nature and harrowing consequences of institutional racism, and brings fresh light to this chapter in the history of civil rights in the South—one with urgent implications for today.
