Thus, Kreeft takes the reader on a voyage of discovery into the philosophical bones of Middle earth. He organizes the philosophical themes in *The Lord of the Rings* into 50 categories, accompanied by over 1,000 references to the text of *Lord*. Since many of the great questions of philosophy are included in the 50-theme outline, this book can also be read as an engaging introduction to philosophy. For each of the philosophical topics in *Lord*, Kreeft presents tools by which they can be understood. Illustrated.

The Young Man of Character Tihamér Tóth 2012
Few men are born to be conquerors. Few men are born to be leaders of countries. But to conquer the realm of the soul, and to gain the crown of manly character, this lofty task awaits each one of us. Bishop Tihamer Toth was born towards the end of the 19th Century in Hungary and was ordained a

priest in 1911. Devoted to the salvation of souls, Bishop Toth wrote profusely, as well as delivering weekly lectures at the University of Budapest where he was a professor of homiletics and of pastoral theology. By the end of his short life (he would die in 1939, the same year as his episcopal consecration) he had contributed greatly to the spiritual life of the Hungarian people. This book is his reflection on the virtues necessary to be a truly virtuous young man. In *The Young Man of Character*, Bishop Toth seeks to create real, manly character in the souls of the young, and does so by examining, point by point, each aspect necessary to the development of that character. Far from something belonging to another century or generation, this insightful work has perhaps never been more needed than in our own age, when manly virtue is attacked, and true chivalry is scorned.

The Curious Incident of the Dog in the Night-Time

Mark Haddon 2009-02-24 A bestselling modern

classic—both poignant and funny—narrated by a

fifteen year old autistic savant obsessed with

Sherlock Holmes, this dazzling novel weaves

together an old-fashioned mystery, a contemporary

coming-of-age story, and a fascinating excursion

into a mind incapable of processing emotions.

Christopher John Francis Boone knows all the

countries of the world and their capitals and every

prime number up to 7,057. Although gifted with a

superbly logical brain, Christopher is autistic.

Everyday interactions and admonishments have

little meaning for him. At fifteen, Christopher's

carefully constructed world falls apart when he finds

his neighbour's dog Wellington impaled on a garden

fork, and he is initially blamed for the killing.

Christopher decides that he will track down the real

killer, and turns to his favourite fictional character,

the impeccably logical Sherlock Holmes, for

inspiration. But the investigation leads him down

some unexpected paths and ultimately brings him

face to face with the dissolution of his parents'

marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
